SECOND GRADERS MAKE CROSS CURRICULAR CONNECTIONS IN THEIR STUDY OF LANGUAGE

The second graders learned about nouns and verbs in both their Judaic Studies and General Studies classes. As we introduced nouns and verbs, the class became so excited when they realized they have learned about these ideas in their Judaic studies classroom as well. The students quickly saw the connection between nouns and verbs in English and “Shaim Etzem” and “Poal” in Hebrew. The connection allowed students to grasp the role words play in sentences on a deeper level and helped them understand that languages have certain common characteristics.
