

CHESS TEAM DISPLAYS ITS SKILLS AND ABILITIES IN FINAL MATCH OF THE SEASON

On January 4, the RKYHS chess team had a match against Frisch. Our team played competitively at every board, offering a spirited challenge. Despite not winning, the Kushner team played extremely well, its best match of the season. Throughout the chess season, the team has constantly improved, and will only increase our skills further in the off season. Under Rabbi Pecaric's guidance, this year's chess team has been even more successful than last year's and the team will continue to trend upward in the near future. We have a number of promising freshmen who still have years to practice and sharpen their skills. At our matches next year, we will have the opportunity to show the other schools how much improvement can occur in just one year.
