FIRST GRADE CONCLUDES UNIT ON TREES AND WORKS WITH FIFTH GRADE TO CALCULATE THE \$900 RAISED TO PLANT TREES IN ISRAEL!

Over the course of the last month, the first graders have been deeply involved in a study of the importance of trees in conjunction with Tu B'Shevat. The unit of study concluded this week when the first graders came together with the fifth grade math classes to share their learning together. It was amazing to see the two grades working cooperatively together and feeling so proud of all that they learned! Their learning became even more meaningful when Mrs. Finkelstein announced that the students collectively raised over \$900 to plant a forest of trees in Israel through JNF!
