SECOND GRADE LOOKS FOR CLUES TO SUPPORT IDEAS

The Second Graders have been busy detectives as we search for text evidence to support our ideas and answers. We have been developing this skill as we read our guided readers and class novel. This week we applied this skill to a different content area, Social Studies. The students completed multiple choice questions based on a passage from our Social Studies textbook and then supported their responses by identifying the exact words in a text. The students included the text evidence in their answers. This skill will be weaved throughout all the content areas and will be the foundation for supporting ideas in writing as they continue through the grades.
