## JKHA STUDENTS TAKE HOME TOP SPOTS IN MATH MASTER'S TOURNAMENT

Today, fifty students from four schools, including JKHA, Ben Porat Yosef, Golda Och, and Moriah, participated in the Math Master's Tournament. Teams of students from grades six through eight competed head-to-head both individually and as a team. The competition allows tremendous opportunity for students to grow mathematically. The problems are clever, engaging, and challenging, and the atmosphere is exciting for students and teachers alike. JKHA's 8th and 7th grade team placed first and second, respectively, in the team event! Additionally, Dani Bank (2nd place, 8th grade), Roey Novick (3rd place, 8th grade), Sarit Greenwood (2nd place, 7th grade), Amit Bitansky (3rd place, 7th grade), and Judah Marcus (2nd place, 6th grade) placed in the individual event. We are so proud of all the effort each student put in. Congratulations to all!
