FOURTH GRADE UTILIZES INTERACTIVE IPAD GAME TO PREPARE FOR CHUMASH TEST

Fourth grade recently took a Chumash test and as a preparation for the test, our students played an interactive iPad game called Kahoot. We had a blast answering questions on our iPads from the smart board. After each question, we looked to see who made it to the high score chart. Whenever we got the answers right we all cheered in excitement. We had a chance to play a second time and see how much we improved from the first time we answered the Chumash questions. The Kahoot game has become one of our favorite activities that we look forward to playing after we finish each Perek.
