(for ages 11-15) Mondays 1:30-2:30 Starting June 11 through July 23

This weekly 6-week class actually *encourages* children to play with their food! We will be working together and following directions to make wonderful food creations that will be paired with dips, spreads, and other healthy recipe additions to practice brave tasting. Our final session will give each chef an opportunity to create his or her own food art masterpiece to be shared with the class. Like all of our HealthSmart! groups, this new group fosters creativity, making healthier food choices, and fun!

We will be using fresh, seasonal organic fruits and vegetables and only clean ingredient foods in this class.

Dietary restrictions are taken into account in this class.

No class Monday, July 2nd
