

Transition Bootcamp

"Navigating the Future"

Delaware County

September 2019 – Charting the Lifecourse

What is your vision of a good life for your child with a disability? What is his/her vision? Do they look the same? How can you make sure that your family is on the right track toward a future that your child wants? We invite you AND your child to a workshop on Charting the Lifecourse. It is a creative, visual way of thinking about the resources all around you that can help you and your family reach the goals your child has for his/her best life. You will receive some tools that will help you to think about and plan for what's next.

Presenter: Celia Schloemer, Univ. of Cincinnati Center for Excellence in Developmental Disability
