

Homestead Exemption continued 4-21

SJR 1774 is now before the Appropriations Subcommittee on Finance and Tax.

A similar House version, **HJR 7105** by **Rep Eagle** would add an additional \$25,000 exemption for homestead properties valued between \$75,000 and \$100,000. House Speaker Richard Corcoran spoke in support of HJR 7105 and it should up for a House floor vote next week.

The Chamber urges you to contact Volusia House members to vote NO on HJR 7105.
