

READINESS 360

A CONGREGATIONAL DEVELOPMENT OFFERING OF THE NEW YORK CONFERENCE, UNITED CHURCH OF CHRIST

Q. WHAT IS *READINESS 360*?

Readiness 360 is a web-based tool used to provide input about your church from the vantage point of congregation members and other stakeholders. The resulting report provides feedback to the leadership of your congregation about its current capacity to bear fruit in ministry. Some use this tool as a part of their discernment process about whether or not to begin a new ministry (e.g. to plant a new church or to be a church planting partner) or to assess its vitality and potential for growth.

Q. WHAT AREAS DOES *READINESS 360* SPECIFICALLY MEASURE?

This survey measures your congregation's capacity to multiply its impact using the following 'driver's strands' of ministry:

1. Spiritual Intensity - Is the congregation driven by its passion for Christ?
2. Missional Alignment – Does the congregation's plans, major initiatives and pruning of ministry stem clearly from a biblical vision/mission and drive for fruitfulness or from tired habit?
3. Dynamic Relationships - How dynamic and healthy are relationships with those inside and outside the church?
4. Cultural openness - Does the congregation exhibit a capacity for embracing people from diverse cultures?

Q. CAN YOU DESCRIBE THE PROCESS?

1. Forward an introductory email to at your congregation (members, regular attenders, and others familiar with your congregation and represent a variety of stakeholders).
2. Generate reports at the click of a button once a critical mass has been surveyed (**eight responses or 10% of the congregation, whichever is larger**)
3. Distribute and celebrate the news release at your major weekly gathering (which would be worship for most faith communities)
4. Share the Executive Summary with your Council or leadership team and plan on unpacking it at the next meeting
5. Develop an action plan using the Comprehensive Report
6. Bring the action plan to leadership with approval
7. Work the plan: strength and improve the congregation's ability to be fruitful and multiply
