Aromatherapy Massage with Dry Brushing

A calming, soothing experience designed specifically to achieve ultimate relaxation and tranquility

You get the best of both worlds with this special treatment— a relaxing experience and incredible health benefits. Your treatment begins with the ancient practice of dry brushing, which helps exfoliate your skin and clean your pores. Once the dry brushing is complete, your massage therapist will begin your full body massage with the calming and captivating fragrance of jasmine and lavender essential oils. The result is relaxed, soft, and nourished skin.

Service includes a complimentary dry brush for you to take home.
