## COVID-19 Resources for Businesses

### DEED – Unemployment Insurance Information for Employers

On March 16, Governor Walz issued an executive order ensuring workers affected by COVID-19 have full access to unemployment benefits. The order also relieves taxpaying employers of benefit charges associated with COVID-19. This means a company's unemployment tax rate will not increase if your workers collect unemployment benefits due to COVID-19. If your workers apply for unemployment benefits, DEED will let you know.

### DEED – Rapid Response

Employers planning a closure or major layoffs as a result of the coronavirus can get help through the Rapid Response program. Rapid Response teams will discuss your needs with you, help avert layoffs if possible, and provide services to assist workers facing job losses. ### DEED – Shared Work – Alternative to Layoffs

Employers experiencing a slowdown in their businesses or services as a result of the coronavirus impact on the economy may apply for the Unemployment Insurance Shared Work Program. This program allows employers to seek an alternative to layoffs - retaining their trained employees by reducing their hours and wages that can be partially offset with UI benefits. Workers of employers who are approved to participate in the Shared Work Program receive the percentage of their weekly UI benefit amount based on the percentage of hours and wages reduced, not to exceed 60 percent. Visit [Shared Work Program](#) to learn more about its benefits for employers and employees, and how to apply.

### Dislocated Worker Program – Permanent Layoffs

Our Dislocated Worker program offers free services to help individuals find suitable employment and help take the stress and uncertainty out of the process. Workers may be eligible for this program if they are out of work through no fault of their own, are eligible for unemployment insurance, and are unlikely to return to their previous occupation or industry.
