

A close-up photograph of a hand holding a glowing LED light bulb. The bulb has three distinct light sources and a warm orange glow. It is being held near a circular wall outlet. The background is a plain, light-colored wall. A large white diagonal shape cuts across the right side of the image, serving as a background for the text.

START SAVING TODAY!

We're ready to bring energy and money savings directly to your business any time you are.

SIMPLE SOLUTIONS, GREAT RESULTS.

Sign up to receive a free energy assessment today! You'll receive information on rebate eligible equipment upgrades, estimated energy cost savings and payback. In addition, we are making it even easier for you to cut costs by bringing energy-efficient items such as LED bulbs and water-saving aerators directly to your business and installing them free of charge.² ENERGY STAR® LEDs last at least 12 years and save more than \$55 in electricity costs over its lifetime. And replacing your aerators, you'll likely reduce the amount of water you use by hundreds of gallons per year,¹ resulting in less energy used you heat your water.

Contact us at **877-287-2250** or email us at **XcelEnergyEfficiency@clearesult.com** to schedule your assessment.

Additional no-cost measures you may be eligible to receive:

- Select screw-in LED lamps
- Aerators for restroom and kitchen sinks
- Select ENERGY STAR-certified smart thermostats
- LED exit sign retrofit kits
- Strip curtains for freezers
- Auto-close doors for coolers and freezers
- Pipe insulation
- Pre-rinse spray valves
- Select LED tubes
- Energy-efficient showerheads
