Designate as:
“MISSIONARY RETREAT”

Dear Pastor,

This is an important event for our NWMN missionary family. We invite World, U.S., intercultural, and retired missionaries to this annual gathering. This retreat acts as a reunion for those on furlough, providing support and encouragement as they navigate cultural adjustments during re-entry. This refreshing time in the Holy Spirit also strengthens our missiology, reminding attendees of our calling and commission, offering me a chance to shepherd them personally. We aim to make this retreat accessible to our missionaries as a gift from the local church. We believe our sons and daughters are sent from the local church, so we want to welcome them home as family during every furlough, transition, and retirement.

Would you help fund this event so missionaries can attend for free?
