

WEE PLAY!

SUMMER 2022

AN INTENSIVE SPEECH & OCCUPATIONAL THERAPY GROUP FOR PRESCHOOLERS

For some children life feels too fast, too loud, or too big and the transition to preschool can be challenging. We also know that school success is dependent on well-developed language and social skills. Sometimes what is required for a child to find success in a typical preschool setting is the opportunity to ready the body and brain,

learn new skills, integrate supports and strategies unique to the child, and practice, practice, practice!

We can help by providing a parallel experience to preschool, in which we create an individualized therapy program from the specialty perspective of both speech therapy and occupational therapy.

Tuesdays and Thursdays 9:00-10:45

Children Age 3-4 years

June 14 - August 11, 2022

***No group on July 5&7 and July 26&28**

Cost: \$2800 (Fourteen, 2-hour sessions - \$100 per hour)

***A screening may be required if your child is new to us (\$250)**

Debby Hoffman, MA CCC-SLP is a Speech and Language Pathologist and owner of Communication Clubhouse. She uses interactive, play-based learning through music, movement and creativity to enhance social learning and language development.

For insurance reimbursement we use **CPT 92508**

Matt Testa, MS, OTR/L is an occupational therapist and is part of the team at Sensory Solutions. He loves his work as a sensory-based OT, building relationships with his clients and collaborating with families to achieve their goals.

For insurance reimbursement we use **CPT 97150**
