Byrke Sestok

CERTIFIED FINANCIAL PLANNER™ professional

Byrke values his family, Jennifer & Samantha above all and this flows into his philosophy of financial planning and money. While vital, money is merely the tool that helps ensure you can spend time with your family and friends doing the things you love. Whether he is out on the golf course while Samantha rolls cartwheels down the fairway or sharing the couch and a good movie with Jen he believes this is the treasure of life. When he is working for your family, he is envisioning your goals and how he can use all the tools in his chest to frame out a structure for you to enjoy life now and in the future in the way you see fit.

Byrke is a graduate of Cornell University and a scientific mind by nature. He takes pride in finding new ways to win whether it is solving a financial planning issue for a client, collecting information over a poker session to scoop the big pot, or assembling an electrical circuit to teach Samantha about electricity and how toys are powered.

In 2016, Byrke and Bill Brancaccio founded Rightirement Wealth Partners to help minimize many of the inherent conflicts when serving clients through a major corporation. The Company was created to provide clients transparency of fee, limited and disclosed conflicts, and best-interest advice. Byrke’s lifelong goal is to grow Rightirement Wealth Partners into a nationally recognized company that provides ethical and cost-efficient financial advice and planning through a network of the best educated financial planners.

Byrke further serves the financial advice community through the Financial Planning Association and the Estate Planning Council of Westchester. He is an avid golfer, reader of mystery and spy novels, and a 20-year veteran of fantasy baseball.
