

TYPES OF NOTARIZATION

FOOTHILLS TITLE SERVICES, INC.

Traditional Notarization

Signatories appear in-person before a notary. The Notary verifies their identity on the spot. The Notary's seal and signature are put on paper.

eNotarization

Signatories appear in-person before a notary. The Notary verifies their identity on the spot. The Notary's seal and signature are placed on a digital document.

Remote Online Notarization

Signatories appear before a notary via a recorded two-way audio-video conference over the internet. Identity is verified with Photo ID and Knowledge-based Authentication technology.
