Bringing attention to National Construction Safety Week, industry leaders Fluor, Balfour Beatty, Flatiron, and Dragados who comprise the LAX Automated People Mover Team (LINXS) and Balfour Beatty US recently took that commitment to the classroom; 500 classrooms to be exact. LINXS and Balfour Beatty have generously equipped every classroom in the Inglewood Unified School District with emergency preparedness kits that will effectively support the school district's campus wide emergency plan for student and staff safety.

As part of the LINXS's and Balfour Beatty's never-ending commitment to safety, LINXS and Balfour Beatty are partnering with IUSD to provide the District with additional tools and resources needed to ensure students and teachers are safe. "These emergency kits empower classroom teachers with equipment that supports ongoing emergency safety training and life-saving choices in the event of a crisis, says Balfour Beatty Sr. Inclusion & Diversity Director Sophia Cavalli.
