PROGRAM DETAILS

Description of Professional Learning

This series of voluntary professional development is designed to support rigorous evidence-based instruction in foundational reading skills for teachers serving students in grades TK-2 or in special education. The series of workshops will focus on the science of reading and instructional practices that support the science.

Registration Link

Compensation

Participants who complete the sequence of professional learning and the follow-up activities will receive a $1,000 stipend and a certificate demonstrating additional expertise in early reading. All sessions with the trainers will be held afterschool from 2:30pm – 5:30pm and will be virtual. Follow Up Sessions with the coaches will be held afterschool from 3:00pm - 4:30pm and will be in-person (pending COVID restrictions).
