

Angela Mattioda is Vice President of Revenue Cycle Management for Surgical Notes. Having specialized in ASC revenue cycle management services for the last 18 years, she has a robust background in business analytics and managed care contracting as well as reducing AR and maximizing reimbursements. Angela has experience across multiple billing platforms and an in-depth understanding of the challenges that are faced with insurance carriers for in and out of network claims. She uses this knowledge to not only help her ASC clients optimize and maintain financial performance but also to educate the ASC industry through presentations and webinars.
