

Robert Cavallo

Director, Clearance and Settlement Product Management

Having joined DTCC in 2013, Robert Cavallo is a Director in the Clearance and Settlement Product Management Group responsible for overseeing the products and services for these business lines and driving the strategic development of key company initiatives such as its Securities Financing Transaction Service, Accelerated Settlement effort, and leading continued structural changes to the U.S. Clearance and Settlement processes.

Bob joined DTCC after a 25 year career at Bear Stearns Securities Corp where he was a Managing Director and 5 years at JP Morgan Chase as an Executive Director where he was responsible for many of the firm's domestic operations processing groups.

Bob has served on many industry committees such as the SIFMA T+1 Working Group, SIFMA Securities Operation Group, The Commercial Paper Issuers Working Group, SIFMA Regulatory and Clearance Group, and the SIFMA Money Market Committee.

About DTCC

With over 45 years of experience, DTCC is the premier post-trade market infrastructure for the global financial services industry. From 21 locations around the world, DTCC, through its subsidiaries, automates, centralizes and standardizes the processing of financial transactions, mitigating risk, increasing transparency and driving efficiency for thousands of broker/dealers, custodian banks and asset managers. Industry owned and governed, the firm simplifies the complexities of clearing, settlement, asset servicing, data management, data reporting and information services across asset classes, bringing increased security and soundness to financial markets. In 2020, DTCC's subsidiaries processed securities transactions valued at more than U.S. \$2.3 quadrillion. Its depository provides custody and asset servicing for securities issues from 170 countries and territories valued at U.S. \$73.5 trillion. DTCC's Global Trade Repository service, through locally registered, licensed, or approved trade repositories, processes 15 billion messages annually.
