Saco is a great place to live, work, play, and raise a family. How can we make it even better? What big issues could the city address in the next 10-15 years?

The City of Saco is starting the process of updating its comprehensive plan, an important long-range policy document that will guide decision-making.

We need you—and your family, friends, and neighbors—to help plan together for Saco's future. Since we can't meet in-person right now, **join the conversation online!**
