

# October Monthly Highlight!

This month, The Chromosome 18 Registry & Research Society held the 18th Anniversary of our Annual Golf Tournament, as well as a special evening reception called the Starfish Soirée. Three self-advocates – Elizabeth Cody, Cierra Fudala, and Amelia Gallardo – were there to help us out!

Elizabeth, Cierra, and Amelia helped our auctioneer Liz Woodfield with the live auction. We auctioned off a quilted shawl, some golf clubs, and even a trip to Disney Aulani in Hawaii!

At the Golf Tournament, the self-advocates helped welcome golfers and pass out their Chromosome 18 polo shirts. During the memorial balloon release, Elizabeth, Cierra, and Amelia released balloons in memory of those we've lost in 2022. Finally, as the golfers departed for the course, they waved goodbye and wished them luck! The tournament was a great success. Thank you to our amazing self-advocates for making the day so special.
