

### Pierre Lisee –Foreman

A wonderful contributor to the Infoshred family over the last 14 years. Each day arriving at 5 am to open up the building for our employees. Pierre provides support to our drivers before they leave to go on the road to service our customers. He also assists our in-house mechanic, Dave, in keeping all of our equipment and trucks running smoothly each day. Pierre has visited a majority of our customers over the years because he helps to cover driver's routes when they go on vacation. Make sure to say hello to Pierre if you see him on your site! Our customer's feedback is always appreciated.
