#APERONAVIRUS ~ TGIF just like before!

We're all in the same boat and all need to feel a little bit of normalcy in our lives right now.

Therefore, in these times of austerity, we wanted to suggest a few options to practice your French while at home and what better way than a French virtual TGIF with friends or family. Why not take advantage of the technology that is just waiting to be discovered and experience the different possibilities! Let's comb our hair (might be time 😊), get dressed up, prepare lovely finger foods and snacks, set up your living room for the occasion and install your favorite application of choice on your TV or laptop and sit back and enjoy some face to face time with the ones you love.

For the technicalities, we suggest that you test well in advance to ensure the success of your TGIF party and minimize frustrations.

You can use Face Time, Skype, Messenger, WhatsApp, Zoom (caution: Zoom has had glitches recently with call intrusions, don't use social networks to share your link), Google Duo, other.

Here are links to different websites in French, where you will find suggestions concerning the many application options, how to use each mentioned above and how to project your mobile phone or tablet screen onto your TV:

Family Activity

Today, we're playing at DO YOU KNOW HOW TO.

Would you like to practice French conversation with kid of all ages? You certainly have the time now! We have several suggestions for you.

Why not take advantage of this compulsory "stay at home" break to play DO YOU KNOW HOW TO with us, every day, in French, with your children?

The concept is as follows: with our young people spending a lot of time at school and in front of a screen, we don't realize how little they know about some basic life skills, for example:

- Sais-tu comment faire ton lit?
- Sais-tu comment arroser les plantes?
- Sais-tu comment coudre un bouton?
- Sais-tu comment faire une soupe maison?
- Sais-tu comment planter des tomates?
- Sais-tu comment faire un lavage de tes vêtements?
- Sais-tu repasser une chemise?
- Sais-tu comment faire un budget (pour les plus vieux)?
- Sais-tu comment on fait pour faire un rapport d'impôts (pour les plus vieux)?
- Sais-tu comment laver la voiture, vérifier la pression dans les pneus, faire la maintenance régulière (pour les plus vieux)?

Set aside a period in your day where you will teach your children, in French, something about everyday life that they may not learn from books.

Spend this special time with them, in French!

It will bring you closer together as a family; it will immerse them in French conversation all the while teaching them fun and useful things!

Have a good time !!!!

And show us how you're doing by sending your pictures and comments to:
