DEPENDENTS

Recruitment Drive

An RCPO
Initiative

**We are looking for talented and motivated people
ready to take on new challenges!**

The RCPO Recruitment Drive will be used to staff positions for the following groups and levels within various CFSU(E) locations in Europe and Turkey.

In order to shorten the timeline of selection of any given position, applicants will be screened and partially assessed immediately upon application.

Once a staffing process has been initiated, successful applicants may be further assessed on additional merit criteria depending on the position being staffed.

The Recruitment Drive is open to Dependents of Canadian civilian component and CAF members stationed in Europe. This **may** also include non-Canadian dependents eligible to work in Germany.

For the necessary forms and further information, please visit the CAFconnection website:
