Thank You for Your Trust and Support

My name is June Roman, thank you for trusting me to serve our community on the Dulles Farms Board of Directors since 2017. I have served as Vice President for the past nine years and previously as Treasurer. During that time, I have worked to bring different perspectives together to solve problems and help create positive outcomes for our four sub-communities.

Since moving to Dulles Farms in 2014, I have been actively involved in our community, including volunteering on our Social Committee where we host fun events for all! I am proud to continue serving the community I call home on our Board.

Professionally, I am a Senior Manager with Accenture, bringing more than 35 years of management, analytical, and problem-solving experience. My background includes executive decision-making, budgeting, contracting, negotiation, risk management, and business operations. I hold an M.S. in Information Systems Management from George Washington University and a B.S. in Computer Science.

As a Board member, I have contributed to:

- Leading Open Space and community enhancement initiatives
- Supporting renovations to tot lots, tennis courts, and other community facilities
- Serving as liaison to the Social Committee
- Contributing to *Neighborhood Roundup* newsletter since its inception

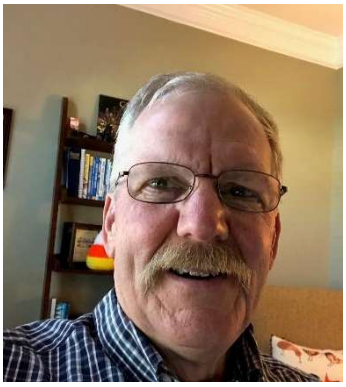

Outside of the Board, I volunteer through my church, bake for Cakes4Kids, and support Rebuilding Together.

I am seeking another term so I can continue bringing my experience, commitment, and collaborative approach to the Board. Dulles Farms is an amazing community, and I am proud to call it home.

I respectfully ask for your vote and support for re-election. I look forward to continuing to work with our homeowners and the entire Board to keep Dulles Farms an active, welcoming, and engaging place to live.

Getting involved in Dulles Farms committees is a great way to meet your neighbors and strengthen our community. Thank you for the opportunity to serve.

TOM WARD

Focus: I want to continue my community service to help Dulles Farms strengthen its status as a premier community in eastern Loudoun. Given your trust and support, I have been honored to serve on the Board of Directors for 10 of the past 11 years, with the last 8 years as President. Once again, I need your support to continue:

- Assuring a sound, fiscally conservative annual budget and strong financial reserves – both operational "rainy-day" funds and the repair-and-replacement reserves that are fully funded with insured investments.
- Sharing my leadership skills and business expertise to insure Dulles Farms continues to be a strong, competitively positioned community relevant to the needs of today's home buyer.

Accomplishments: During my tenure on the Board, Dulles Farms' residential homes were completely built-out, with the homeowners receiving 100% control of the community association from the developer after which we:

- Established strong working relationships with both of our Loudoun County Supervisors Letourneau and Tekrony. Successfully opposed a zoning variance request by Virginia Tire & Auto at the Gum Spring / Lennox Hale intersection. Helped Board sponsor a Town Hall meeting with both Supervisors.
- Established rigor and process to manage our budget of approximately $3 million annually
- Maintained fully-funded repair-and-replacement reserves (financial investments) to provide required dollars for maintaining our community amenities and avoiding special assessments.
- Fully supported RFP-process to re-bid and award a 3-year on-site management contract to CAMP, once again.

Background: I am a candid, honest, analytical, team-oriented leader:

- Business: 30-years of experience in the mortgage industry – across loan originations and mortgage servicing, in both commercial and residential lending channels with a Fortune 500 company.
- Homeowners' Associations: Over 25-years of experience as an officer of community associations in Virginia – building strong relationships and accountability with key service providers, County officials and professional services (e.g., management company, legal and accounting). Member of the Community Associations Institute since 2018, the industry trade-group for community associations.
- Dulles Farms: Served as President of the Dulles Farms Community Association for past 8 years and, a charter member of the Dulles Farms Commercial Review Committee in 2023 supporting the development plans for the two commercial parcels within our Dulles Farms community.

Looking Forward: I want to continue to serve my community and insure that the Dulles Farms' Board of Directors remains accessible to all our residents. Collectively, the Board of Directors must always:

- Represent the collective needs of all community residents across all four of our neighborhoods in the eastern & western sections of our community.
- Set the tone and expectation for the highest-quality customer service with our management team.
- Remain committed to improving Dulles Farms, moving us forward, and keeping us one of the premier communities in Loudoun County.

Therefore, I once again need your support…. To build on our successes and continue my work on your behalf – I ask for your vote at this year's election for Dulles Farms' Board of Directors!! VOTE FOR TOM WARD!

Dear Owner(s):

Earlier this year, the Board began the process of evaluating whether and how to amend the Association's Declaration. The Board started by tasking the Association's attorney with conducting a comprehensive review of the Declaration to identify three different categories of recommended changes.

1. Any technical changes required due to changes in the law or statutory references;
2. Any drafting changes related to language or terminology; and
3. Any substantive changes based on best or recommended practice.

Counsel provided us with his recommendations earlier this year and worked with the Board over the past several months refining his recommendations. As the culmination of this effort, we have approved for submission to the membership for vote and approval amendments to the Declaration. Given the number of amendments proposed to update and bring the Declaration into compliance with current law, the Board of Directors is proposing to amend and restate the Declaration in whole.

A detailed summary of the proposed amendments is included in this letter for your review.

The types of changes fall into 3 categories:

1. Clean-up: We are updating the language because it is antiquated or does not follow current practices. The amendments in this category do not substantively change the Declaration.

2. Current law: We are updating the language to be consistent with current law. The Property Owners' Association Act was recodified in 2021 to renumber each section of the Act. While the application of the new section numbers were enforceable upon adoption, the Board decided to pursue these amendments to ensure that the cross-references in the Declaration are consistent with the existing code sections to avoid any confusion by a person who reviews the Declaration and cannot find the section cross-referenced in the Declaration.

3. Legal Update: We are updating the language to adopt best practices for the operations of the Association.
