FCL Camp (formerly Camp NAWIC) is a girls-only, week-long day camp to learn about the trades. No experience is needed!

First-time campers build take-home projects from lessons in trades like carpentry, electrical, solar energy, plumbing, and tile setting. They even operate heavy construction equipment!

Returning campers build a more complex project using the skills they acquired from prior years.

Parents/guardians are invited to join the campers on Friday for a BBQ lunch and graduation celebration.
