

**OLLI-USF and Mayflower
From the Red Rocks to the Rockies
13 OLLI-USF members just returned**

They visited four national parks and enjoyed two days aboard the famed Rocky Mountaineer.

This is what they are saying about the tour.

“Oh, the train.....wow, wow, and more wow.”

“The trip was fantastic!”

“The trip was grand!”

“Hard to describe the spectacular scenery we have seen. We learned that all mountain shapes are temporary, and due to continuing natural erosion and climate influences, that they are billions of years older than the billions we know about!”

--Karen Wright
