

## USF St. Petersburg Open House and More

Thank you for being a part of the OLLI USF St. Petersburg community.

My name is Colleen Cherry, community relations specialist at USF St. Petersburg. I'm coordinating the OLLI programming on our beautiful campus this semester. I'm so excited to announce that we've doubled our OLLI class offerings since the spring semester! You can learn all about our new classes on [our website](#) and check out the attached flyer. We have also just released a news story about our expanded class offerings that [you can read here](#).

As an OLLI member, you can take full advantage of the OLLI class offerings on our St. Pete campus. These classes are listed on our website: [stpete.usf.edu/olli](http://stpete.usf.edu/olli)  
Click on the individual class to be taken to the registration page.

**OLLI Open House: Save The Date:** We'll be holding our OLLI Open House featuring a keynote lecture by Dr. Heather O'Leary on **Monday, Sept. 15, 10 a.m.–noon**, in the University Student Center Ballrooms located at **200 6th Ave S, St. Petersburg**.

This is an excellent opportunity for attendees to learn about our upcoming courses and meet the faculty. It's the OLLI experience in a nutshell: learn something new, meet great people, exercise your brain, expand your network. This event is free and open to the public with refreshments provided. Bring a friend and plan to make new ones.

[Register online](#) or call me at 727-873-4501 to attend.

Please reach out to me if you have any questions about OLLI at USF St. Pete.
