

OLLI-USF OPEN HOUSE

You and your friends are cordially invited to attend the Fall Open House on Wednesday, September 10, at the Shanna and Bryan Glazer Jewish Community Center located at 522 North Howard Avenue starting at 10:00 A.M.

The Open House is free, open to the public and will offer complimentary snacks and coffee. The goal of the Open House is to highlight the 130 liberal arts and technology classes and lectures that will be offered either in person or online, starting in mid-September, in classrooms

throughout Hillsborough County. You will have the opportunity to discuss the upcoming classes with the friendly faculty and meet many “seasoned” lovers of learning.

Our keynote speaker, Brian Ford, who is the Tampa Bay Buccaneers Chief Operating Officer, will speak on Beyond the Field: Celebrating 50 Years of Buccaneers Football, Fandom, and Community Impact. Brian will share insights on the excitement of the upcoming season alongside key moments from the past, and how the organization continues to make an impact beyond game day, through its people, its fans, and its deep connection and commitment to the Tampa Bay community.

You will also hear short presentations from new faculty members and receive information about many of OLLI’s other programs that include shared interest groups, educational travel, day trips, social events and volunteer opportunities.

You have my guarantee that you will be so glad you came to this informative and fun event.

Register for you and friends by clicking [HERE](#)

Information on Open Houses at Saint Leo University and USF St. Pete coming soon.
