

CASA OF PLACER, YUBA & SUTTER **IMPACT REPORT 2024**

Championing Every Child

DEAR FRIENDS,

At CASA of Placer, Yuba and Sutter, we are dedicated to creating a lasting impact on foster youth and at-risk families throughout our region. As leaders in the child welfare space, our mission extends beyond supporting children already in the foster care system—we focus on preventing them from entering it in the first place. What truly sets us apart is the unwavering commitment of our volunteers and the generosity of our partners. Together, we are transforming lives, and 2024 was no exception.

Thanks to your support, we've achieved remarkable milestones:

We served 480 youth through our CASA and Be Bold programs.

- We assisted 270 at-risk families through our Family Services programs.
- We provided support and comfort to 1,665 children and adults through our K-9 for Kids program.
- We supported 446 volunteers.
- Our volunteers donated 20,359 hours and drove 157,369 miles to support youth and families.

In 2024, we took a bold step to accelerate our mission by expanding the CASA program into Sutter County. This long-underserved region has significant needs among children and families, which inspired our decision to bring our innovative programming to the community. We are excited to announce that the program is set to launch in Sutter County in August 2025.

Training and education are at the heart of what we do. Our carefully crafted curriculum equips volunteers with the essential skills to support children who have experienced abuse and assist at-risk families. But our commitment doesn't end with initial training. We provide ongoing education throughout the year to keep our volunteers informed and prepared. Just last year, we delivered training on critical topics like domestic violence, substance abuse, mental health, suicide prevention, human trafficking, child development, LGBTQ+ awareness, mandated reporting, and case management.

These outcomes are only possible because of you. Every dollar, every hour, and every moment you've invested in our mission has rippled out to create a brighter future for so many. On behalf of every life you've touched, thank you.

Your partnership is the heart of everything we do. We couldn't do this without you, and we are so grateful to have you by our side.

THE BENEFITS OF CHAMPIONING EVERY CHILD

A CHILD IN FOSTER CARE WITH THE SUPPORT OF A CASA IS MORE LIKELY TO:

Achieve a permanent home

Receive vital services in a timely manner

Be on track to graduate from high school

Not re-enter the child welfare system

Report higher levels of hope

Have long-term connections to loved ones

STRONGER COMMUNITIES

When we champion every child, we help break cycles of trauma and strengthen families—building safer, more connected communities.

LONG-TERM STABILITY

Children with a consistent advocate are more likely to experience safe, permanent placements. When someone champions their needs, they're less likely to re-enter the foster care system and more likely to thrive in a stable home environment.

IMPROVED WELLBEING

Advocates help children feel seen, heard, and supported—boosting self-esteem, improving mental health, and creating a sense of belonging. When we champion every child, we create a foundation for healing and emotional resilience.

SPOTLIGHT STORY

For over three years, Adam and Elizabeth have walked alongside a young brother and sister who entered the foster care system after losing their father to cancer. As their CASAs, Adam and Elizabeth have been a steady, caring presence—offering consistency, advocacy, and hope in a time of deep uncertainty.

This year, their advocacy focused on what mattered most: educational support, emotional healing, and keeping the children safe and connected to their community. They became the children’s primary transportation to weekly therapy, helping to ensure their grief and trauma were addressed with care. When they discovered a summer camp specifically for youth who’ve lost a parent, they not only enrolled the children and secured funding, but personally got them there—making sure they didn’t miss the chance to heal with peers who understood their pain.

When the children’s mother moved out of state, it was Adam and Elizabeth who listened to what the children wanted—and then stood up for it. They advocated fiercely to keep the children in their current, nurturing placement where they felt safe and supported.

They also worked tirelessly to find and enroll the siblings in a summer school program to help them catch up academically. And they made sure there was still time for joy: this year, the boy joined a sports team, and the girl explored basketball and drama—discovering new passions and building confidence along the way.

Because of Adam and Elizabeth’s unwavering advocacy, these two children are thriving. They’re more stable, more confident, and more connected—proving that with the right support, healing and hope are always within reach.

FAMILY SUCCESS SPOTLIGHT

CHRISTINE'S JOURNEY TO REUNIFICATION

Christine's story exemplifies the transformative power of second chances, community support, and resilient determination. After a childhood marked by trauma and years spent navigating domestic violence and substance abuse, Christine faced a pivotal moment when her three children were placed in foster care. Devastated but not defeated, she made the courageous decision to fight for her family's future and begin the long road to recovery.

With support from our Parent Empowerment Group and the compassionate guidance of her CASA volunteer team, Laura and Susan, Christine began to rebuild her life. These volunteers walked alongside her—offering encouragement, accountability, and a consistent presence when she needed it most. Christine fully committed to her case plan, learning how to create structure, safety, and emotional stability—not just for herself, but for her children as well. She built healthy routines, participated in therapy, and developed the tools she needed to become the stable, nurturing parent her children deserved.

Today, Christine has full custody of her children. A five-year restraining order ensures their safety, all three children are thriving in school, and the entire family is engaged in ongoing therapy to heal together. Her home is now a place of safety, love, and hope. Christine's journey is a powerful reminder that with the right support system and an unshakable commitment to growth, families can overcome even the toughest challenges and build brighter futures.

“Being a CASA has changed my life as much as it’s changed the life of the child I support. I’ve had the privilege of walking alongside a young person through some of their most difficult moments—showing up, listening, and being a consistent presence. It’s not always easy, but knowing that I’m making a difference in their stability, education, and sense of self-worth makes every moment worth it.”
