

Explore Your Creative Side in This 'Just for Fun' Class at RTEC!

Hobby Welding Tips & Techniques

Whether you're a hobbyist at heart, an artist looking for a new medium or you're a crafting enthusiast curious about welding, you'll want to sign up for the new **Hobby Welding Tips & Techniques** class, coming to RTEC's Saturday morning line-up this fall!

In this two-part "just for fun" course, you'll learn basic welding techniques and pick up valuable tips from Bob Olson, one of the most talented welders/welding instructors in the region. He's passionate about encouraging students of all ages and abilities to try their hand at welding. It doesn't matter whether it leads to a full-time welding career or inspires a student to unleash their creativity and transform ordinary metal into new, unique and unexpected pieces.

This special Saturday morning class will run from **7 a.m. to Noon** on **Oct. 28 and Nov. 4, 2017**. No previous welding experience is needed, making this class ideal for amateurs, artists and hobbyists who want to experience welding "just for fun."

Call (605) 668-5700 and reserve your spot today! Then you'll be ready to design the perfect piece - whether it will eventually adorn your yard, accent your home or mark a birthday, anniversary or other milestone. You can even craft your own holiday keepsake!
