

NEW PROGRAM!

CAMP DAYS DURING THE SCHOOL YEAR

Looking for a fun camp option
during teacher work days?

At Baroody Camps, Inc. we create programs that are designed to enrich the lives of children at camps and schools in Northern Virginia. We provide year-round activities that encourage a love of learning, creativity, curiosity, development of skills, character building, and fun.

This school year, we're partnering with St. Louis to offer "a day of camp" during teacher work days. We'll spend the day engaged in a variety of programs that will foster children's development and curiosity in a challenging and structured environment. All classes are held on-site in a familiar setting, at a convenient location, and with lots of fun planned!
