

# GIVINGTUESDAY

On Dec. 3, 2019, young people all over the world will lead volunteer projects, acts of kindness, and epic givebacks - spreading the culture of generosity through their communities.

## How will St. Louis School participate?

As we raise funds this year for our own play spaces and ask parents to remember the St. Louis School Annual Fund on Giving Tuesday, it is only fitting that we encourage our students to also join in the giving spirit as they “grow in Christ.” In the weeks leading up to Giving Tuesday, St. Louis students will collect **pre-loved** LEGO® bricks for the LEGO® Replay project. The LEGO® Replay project was selected because it offers an opportunity for a small, but relatable, act of kindness. St. Louis students can give from their own collection to children in need. Give 1 brick, 10 or 100—the donation is totally up to the child.

### Q: What is LEGO® Replay?

**A:** LEGO® Replay wants to inspire LEGO® brick owners to pass along the bricks they aren't using. Play has the power to change children's lives. When children play, they learn how to problem solve, collaborate, and think creatively. The LEGO® brick is so unique as it can be rebuilt, replayed with and with LEGO® Replay have a new creative life with kids who need it most.

### Q: What kinds of LEGO® bricks can I donate?

**A:** Any and all used bricks. Duplo, small bricks, big bricks. They don't need to be full sets. Students can place whatever bricks THEY would like to donate in the collection box in their homeroom. Please send LEGOs in a ziplock bag.

### Q: What happens to the LEGO® bricks I send in?

**A:** Through Give Back Box, the LEGO® bricks will be donated to either Teach for America or Boys & Girls Clubs of Boston.
