BEGINNING SUNDAY, JANUARY 5, 2020, SELECT YRT ROUTES WILL HAVE SERVICE CHANGES

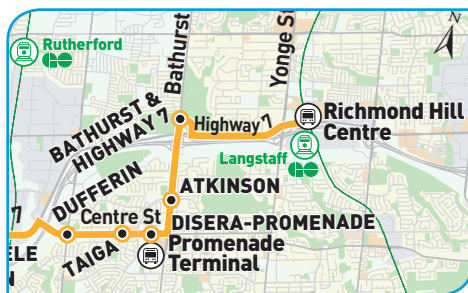

See the back page for a complete list of route changes. For more details and schedules visit yrt.ca/servicechanges

NEW WAYS TO CONNECT IN YORK REGION

With the recent opening of a number of rapid transit projects, it's the perfect time to reflect on vivaNext's goal: designing and delivering rapid transit projects which attract, move and connect people to York Region's urban centres – and beyond. Here's a look at how far we've come.

Bathurst and Centre Streets:

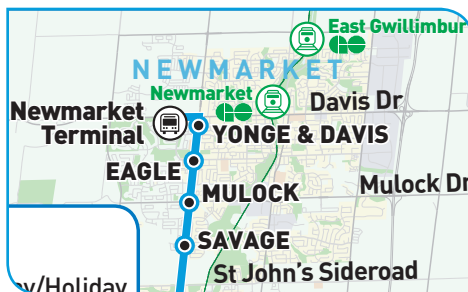

Beginning from Richmond Hill Centre Terminal, the rapidway brings five vivastations and connects with Highway 7's bus lanes to the Vaughan Metropolitan Centre (VMC). Viva orange will service Disera-Promenade Station on Centre Street outside Promenade Terminal.

Highway 7 West: This rapidway runs from Bruce Street to Edgeley Boulevard with five new vivastations. Travellers can walk or cycle along the multi-use path over Highway 400. The rapidway connects with the subway and YRT routes at SmartCentres Place Bus Terminal.

Yonge Street: This rapidway runs from Savage Road/Sawmill Valley Drive north to the Davis Drive rapidway with three new vivastations. Viva blue will continue on Yonge Street to Davis Drive, connecting with Viva yellow at Newmarket Terminal.

SmartCentres Place Bus Terminal:

This bus terminal takes transit riders in and out of York Region's neighbourhoods. Customers transferring between Viva and the subway can walk above ground or via the underground path.

Visit [vivaNext.com](https://vivanext.com) to learn more about current and future projects.

CF TORONTO EATON CENTRE

**FAMILY

**COMEDY
HOUR**

RICHMOND HILL CENTRE
FOR THE PERFORMING ARTS

Your commute between downtown Toronto to
York Region can take approximately one hour

BE VISIBLE BE SEEN

You've packed everything you need for the day. Now, what about tonight?

If walking or biking after the sun sets, bring extra clothing or accessories to make you shine. During this time of year, daylight hours are shorter so be visible to help drivers see you.

Here are 10 reminders to help you stay safe when travelling:

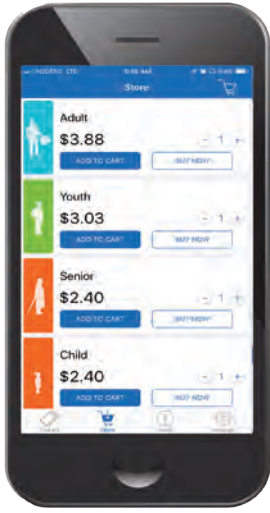

1. Wear bright or light coloured jackets and sweaters
2. Clip a flashing light to your outerwear and backpack or add reflective tape
3. Choose reflective clothing and accessories when making a new purchase
4. Avoid texting while walking – use smartphone as a flashlight instead

5. Remove headphones to hear oncoming traffic
6. Use sidewalks and designated crossing areas wherever possible
7. Pay close attention at intersections, especially when vehicles are turning
8. Cycle with proper lighting on your bike as required by *The Ontario Highway Traffic Act*
9. Stand a safe distance back from the road
10. Make eye contact with drivers

Pedestrians, cyclists and motorists all share the Regional road network, taking close to three million trips each day. Safety is a shared responsibility among all. For more information visit york.ca/trafficsafety

WE ARE PAPERLESS

You have three payment options:

YRT Pay app

Purchase YRT fares anywhere, anytime through the convenience of your smartphone with the mobile payment app, YRT Pay. Simply purchase and activate your ticket or monthly pass on your mobile device to travel immediately on YRT.

PRESTO smart card

PRESTO is the smart card fare option used throughout the Greater Toronto and Hamilton Area. Simply load money or a monthly pass on the card to travel on YRT. By tapping your PRESTO card on the device in the vehicle or at your stop, your transit fare is immediately deducted from your card.

Cash

You can still pay exact cash fare to ride any YRT service or purchase a oneRide ticket from fare machines.

Note: YRT will accept paper tickets until July 1, 2020.

For more information, visit yrt.ca/paperless

SERVICE CHANGES

EFFECTIVE

Sunday, January 5, 2020

Visit yrt.ca/servicechanges or call us for details.
