

*Hello! My name is Ashley Kitchelt, and I led the Children's Music this morning. I am a member of the Parish Choir, and I sing at St. John's every week. Recently, I graduated from the University of Maryland with degrees in both Vocal Performance and Music Education. Through that program, I led a number of music education programs in elementary and middle schools. I am very excited to get to know everyone, and to make music collectively.*

---

This week's music lesson was filled with songs and activities to explore voices, movement, and rhythm. The themes in the songs we worked on were related to Jesus' teachings and trusting in God.

This week, I encourage you to sing through some of the songs with your families. What other movements can you put to the song? What other creative ways can you experience the music?
