NEWSLETTER

18TH EDITION, JULY 1ST, 2023

DEPARTMENT COMMANDER - JIM F. QUINN

As the 2022-2023 Membership year comes to a close, I want to thank each one of the over thirteen thousand Legionnaires of the Department of Oklahoma that have made this year as your Department Commander very enjoyable. One of the many highlights of the year in office was to escort the National Commander Vincent J. "Jim" Troiola on a tour of the Department of Oklahoma. Commander Troiola expressed a desire to visit smaller Posts and visit the Legionnaires that make up those Posts, thus getting a better feel for the issues confronting the rank-and-file Legionnaire. To make this request possible we embarked upon a three-day excursion through Western Oklahoma.

Monday morning Commander Troiola started his day visiting Post 88 in Norman where a contingent of Legionnaires and local dignitaries showed the Commander the results of grant money awarded to Post 88. Next stop was Post 301

Lexington where representatives from several Posts in District 5B briefed Commander Troiola on what their Posts were doing for Veteran's Rehabilitation, community involvement, and children and youth programs. Guthrie, Post 58 hosted lunch and the Vice Mayor read a proclamation declaring June 26, 2023, Commander Vincent J. Troiola Day. A visit to Post 53, Perry was next on the agenda. There Commander Troiola listened to several Legionnaires from different Posts but got an in-depth briefing from Unit 53 Auxiliary as to their activities supporting the efforts of the Post. The final stop of the day was at Post 129 Stillwater, home of Past National Vice Commanders Bobby Bryant and Lawrence Roy and Past National Commander Preston Moore. The Post provided an excellent dinner and thoroughly briefed Commander Troiola on their activities throughout the year.

Tuesday the tour continued with the first stop in Lawton at Post 6. After a briefing by the Post and remarks from Commander Troiola, a visit to the Fort Sill National Cemetery and members of Post 309, Fletcher was in order. Commander Troiola learned that the cemetery currently has 10,000 graves and enough land to continue operation well into the 22nd century. Post 309 has a very important role in furnishing volunteer workers at the cemetery as

well as full time Veteran's Administration employees. Post 176, Tuttle hosted lunch and the feedback that Commander Troiola got from the members of Post 176 was very enlightening and useful. Post 160, Yukon the home of the Yukon Veteran's Museum provided Commander Troiola with a tour of the museum and the Yukon Mayor read a proclamation proclaiming June 27, 2023, American Legion and Commander Vincent J. Troiola Day. The evening was capped off by a Bar-B-Que dinner and discussion about the activities of the Post and happenings at the national level.

The final day of the tour, Wednesday, saw a visit to Post 91 Weatherford and the Stanford Air & Space Museum. Lunch was provided by Post 300 Corn plus a tour of the Corn Pioneer Museum. The day was topped off by a Burger Burn hosted by District 8B at Fort Supply Lake.

I would like to take this opportunity to personally thank Senior Vice Commander Brett Martin and Department Adjutant Robert Haugh for all the hard work they put in making this visit by the National Commander a success. Thanks must go out to all the Legionnaires and Posts that contributed their time and treasure to ensure that the National Commander was not only entertained but that he received the information he needs to better lead our magnificent organization.

Again, it has been a privilege and a pleasure to lead this outstanding organization for the past year. I stand before you humbly thanking you for your confidence in me to lead you for the past year and I look forward to serving this organization for many years in the future. God Bless You, Your Family and The American Legion and God Bless The United States of America

I had the pleasure of setting the up the tour and driving American Legion National Commander Vincent J. "Jim" Troiola around on the Wild Wild West Tour. I want to thank all of the host Posts who answered the call to open their doors and welcome him along with many nearby Posts. Your hospitality put our Department of Oklahoma in an amazing light. I posted on our Department Facebook Page "As the sun sets on the Wild, Wild West Tour, a huge thank you goes out to American Legion National Commander Vincent J. "Jim" Troiola for his selfless service to our beloved American Legion and all Veterans. Thank you, Sir, for being that role model and for truly BEING THE ONE!

Safe Travels.

For GOD, Country, and Service"

National Commander Troiola replied back with "Thank you for those kind words. Thanks so much to the Department of Oklahoma for a wonderful tour you provided me during my visit. Your passion and perseverance does not go unnoticed. Special thanks goes out to Department Commander Jim, Sr. Vice Commander Brett, and Department Adjutant Rob for giving up their time to accompany me on the various visits. I especially enjoyed visiting the small communities and posts and watching the special camaraderie they enjoy.

Best wishes to all of you and continued success in your upcoming Legion year.

Be The One!

As we close out this Legion year and start the next, I want to thank everyone for all of your hard work on membership. During this upcoming year I feel we are on the cusp of turning our membership around and moving ourselves back into the top 25. With your help and support all things are possible.

To the Legionnaires in the West. I want to take this opportunity to say Thank You so very much for your support over the last year. I am not going to try to mention specific events or Legionnaires, my article length is too limited to try to write a list that long. Besides that, I am old and cannot remember all of them, and the last thing I want to do is piss you off ...whoops, I meant to say, I wouldn't want to "Offend" you...in the last article I write as VC West.

I will say the District Commanders in the West are fantastic. I don't have the words to express how grateful I am to you. Thank You seems so insignificant, but those words come from deep within my soul.

We have accomplished a lot, but we have merely scratched the surface of what needs to be done. Don't give up, embrace the suck. Proceed at full speed ahead and get into the fight.

Thank You, that ain't enough , but it comes from the heart.

**Paul Ray
Vice-Commander West, I'm damned proud of that title.**

Awards Chairman

This is my last article for this year. The Awards Committee Chair is a one-year position nominated by the Department Commander. So, there is a possibility this will be the last article I write as the Awards Committee Chair. Only the next Department Commander knows.

So, I am going to say what I have wanted to say all year. Actually, for several years. If you or your Post did not nominate someone for an award, and you don't like the selection, Please, Please, don't complain about the Award Committee's selection. It is completely impossible for the Award Committee to select someone who was not nominated.

I can assure you everyone who was nominated was considered. Let me say that again, everyone who was nominated was considered. And I will also assure you it wasn't the Award Committee Chairman that made the selection. It wasn't the Department Leadership that made the selection. It was the members of the Awards Committee. They didn't put in that effort for personal recognition. They worked hard to recognize the accomplishments of others.

The Legionnaires who volunteered to be on the Awards Committee voted on all of the nominees. There were several nominees with significant nomination packages, and all of them were duly impressive. The Legionnaires on the Awards Committee put in a huge amount of effort into providing the Department with a very good selection of award winners.

In addition to the Award Nominations, the Award Committee is responsible for evaluating ALL of the Posts' CPRs and determining the Pillars Award winners. We use the Pillars Award winners to select the Posts of the Year. We are responsible for evaluating the Post's Yearbooks. Those are judged to a very strict standard established at the American Legion's National Historian.

The Awards Committee will put in several hours at the convention working on Posts Awards. Because of the timeline on CPR the convention is the only place we can do that work.

Don't give them grief. Don't question their selections. Just tell them Thanks. This "stuff" isn't easy.

Welcome to July Oklahoma Legionnaires,

July 01 is the kickoff for the 2023-2024 membership year!!

I have fantastic news to share the membership cards arrived on time this year for both the Legion and the SAL. If your respective post or squadron has not already received your cards through the District commander distributing them or by picking them up at headquarters, they will be available for pick up at the Summer Convention.

I am very pleased to say that memberships have continued to come in right up to the end of the 2022-2023 membership year. The Department office continued to process memberships as they were received. I cannot stress enough about the importance of Auto-renewal feature to click the box and every year going forward your membership will auto renew on or about the same date. This can be a huge benefit for those posts who have to keep after members to get them to renew.

The "Sportsman's Adventure" 10 gun Drawing tickets have been pouring in and I expect a large chunk to be turned in for the drawing during the Summer Convention. Please continue to sell tickets right up to the time of the convention.

The American Legion

JUN 15, 2023

July 1 is the next "Be the One Days" – a resolution passed by the National Executive Committee during the American Legion's Spring Meetings earlier this month that calls on Legion Family members to gear up and bring awareness to the Legion's Be the One veteran suicide prevention initiative on the **first day of every month**.

Resolution 13 urges Legion Family members to wear a Be the One item on the first day of every month to show their commitment to reducing the stigma around mental health issues among veterans and servicemembers. And to start a conversation about what Be the One is and how to save the life of a veteran. **Legion posts should also promote Be the One on the first day of every month.**

We ask that all American Legion Family members wear a Be the One item ... anything that signals your personal commitment to 'Be the One' to save one veteran," said American Legion Marketing Commission Chairman Paul Evenson during his report to the NEC at Spring Meetings. Be the One Days is "a great way to keep awareness high about this important issue all year long."

Leading candidate for Department of Arkansas Commander (2023-2024) Patrick "Doc" Phillips and his wife Jammie showed their Be the One Days support on June 1 by taking a photo and sharing it on Legiowntown.org.

Support "Be the One Days" and wear your Be the One gear on Saturday, July 1. You can purchase a Be the One shirt (some sizes are currently not available) or tack through American Legion Emblem Sales.

For American Legion posts, there are many resources available to use to promote Be the One at the resources web page. These resources include Be the One poster, customizable brochures, a banner, wallet cards and more.

We want to see your support of Be the One Days. You can share at legiowntown.org under the Be the One category.

You can make a donation to Be the One here. You can also mail a check made payable to "American Legion Charities, Note: Be the One."

Palou wins again, Armstrong eighth in American Legion Honda in Detroit

The American Legion

JUN 05, 2023

A dominant May carried over into June for Chip Ganassi Racing's (CGR) Alex Palou.

After winning the GMR Grand Prix, and then capturing the Indianapolis 500 pole and rallying for a fourth-place finish in that race, Palou followed with an impressive showing over the weekend in Michigan. Driving the No. 10 Ridgeline Lubricants Honda that carried American Legion branding, Palou captured the pole of Chevrolet Detroit Grand Prix on Saturday. He followed that up by leading Sunday's race by as many as nine seconds at one point before holding off the field on two late restarts to cross the finish line by 1.18 seconds ahead of second-place finisher Will Power.

The win was the second of the NTT INDYCAR SERIES season for Palou, who now leads CGR teammate Marcus Ericsson by 51 points in the series point standings. And it marked another strong day for the Ganassi entire team. Scott Dixon took fourth, while rookie Marcus Armstrong – driving the No. 11 American Legion Honda – was eighth and Ericsson ninth.

"The No. 10 Ridgeline Lubricants car was on point today," Palou said via CGR media. "Honda gave us everything we needed in fuel mileage and all the power. I am super proud of the job we did. It was tricky at the end with those tires, I couldn't really get them up to temperature, but I am proud that we got another win this year."

"It's still too early to think about the championship. We'll keep focused on the next few races—there's a few that I really love coming up. We'll keep on pushing."

From the win, Palou will split \$10,000 with Chip Ganassi Racing and his chosen charity, The American Legion, for his victory as part of the PeopleReady Force For Good Challenge. And with his win on the Indy road course and then Sunday's street course victory, he is two-thirds of the way to earning a \$1 million bonus for picking up victories on all three racecourses. Palou can

collect the bonus – which will be split with The American Legion – by getting wins at any on the three remaining oval races: a doubleheader July 22-23 at Iowa Speedway and Aug. 27 at Worldwide Technology Raceway.

Armstrong continued his strong rookie season, earning a spot in the Fast 12 during qualifications and starting Sunday's race in 11th. He continued to move up during the race, picking up his second top-10 finish of the year and maintaining a 24-point lead over Agustin Canapino in the series' rookie standings.

"It was a good race," Armstrong said. "We stayed out of trouble. We didn't do anything too crazy. We had a lot of pace. I thought we were quicker than the cars ahead. I think we did make a couple of good on-track moves which was great."

"Ultimately, the car was amazing, and I think we're capable of a lot more which is a good sign for the future. Great job to the team all around."

Ericsson's No. 8 Huski Ice Spritz Honda also featured American Legion branding over the weekend. He called Sunday a "tough day" but added, "The team did really good with strategy and pit stops, we got some overtakes to get us back in the top 10. Overall, a decent points day but disappointing. Congrats to Alex and the team on the win."

Biden gives boost to military and veteran spouses, caregivers and survivors

The American Legion

JUN 09, 2023

President Biden today will announce a series of executive actions that will increase the economic security of military and veteran spouses, caregivers and survivors.

Military-connected families regularly sacrifice for our country, whether or not a loved one happens to be deployed. Many military and veteran spouses, caregivers, and survivors — the vast majority of whom are women — struggle to achieve their desired career goals due to the strains of multiple deployments; frequent moves with little control over their geographic location; caring for wounded, ill and injured servicemembers or veterans; time apart for training, and more.

Military spouses face a 21-percent unemployment rate, a rate that has not significantly changed over the past decade. These challenges are not limited to active-duty spouses, as Reserve and National Guard spouses must balance their careers against the challenges that arise when their servicemember is activated and deployed.

The American Legion has long supported these types of initiatives designed to assist military families.

For example, Resolution No. 81, approved by the National Executive Committee (NEC) at national convention in 2017, explicitly states that The American Legion supports and encourages the public and private sectors to hire military spouses.

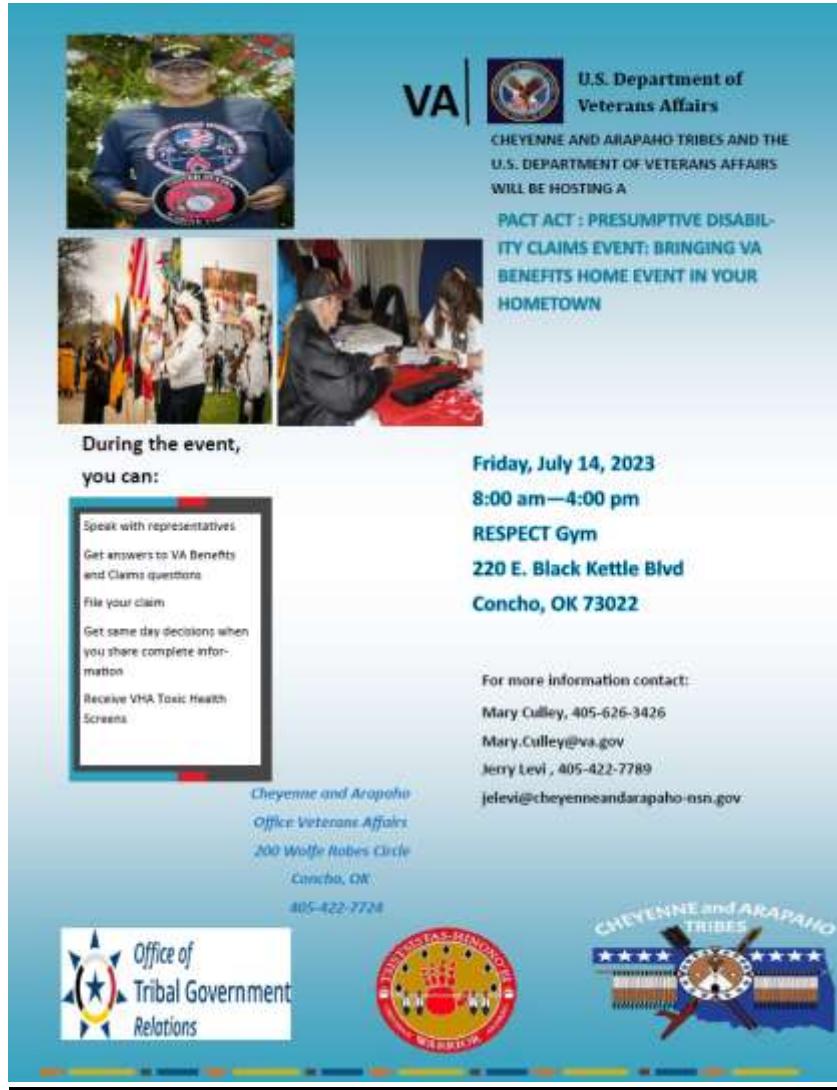

Additionally, Resolution No. 18, the Comprehensive Supports for Caregiver Support Program, was approved by the NEC during its Spring Meetings in 2022. This resolution states that The American Legion supports supplemental support for veteran caregivers – specifically, that the Legion endorses programs that will help bereaving family member caregivers transition from VA caregiver supports and services.

Highlights of today's order include:

- Directing the development of a government-wide Strategic Plan on Hiring and Retention for Military and Veteran Spouses, Caregivers and Survivors. To ensure the coordination of military-connected hiring and retention efforts across the Federal government, the Executive Order directs the Office of Personnel Management (OPM) and the Office of Management and Budget (OMB), in consultation with the Secretaries of Defense, Labor, Veterans Affairs, and Homeland Security, to identify strategies to eliminate barriers to the hiring and retention of military and veteran spouses, caregivers and survivors. The Strategic Plan, due within 180 days, will include plans for marketing the talent, experience, and diversity of military and veteran spouses, caregivers, and survivors to agencies and encouragement for agencies to set benchmarks to improve performance and accountability.
- Increasing federal job postings using the Military Spouse Noncompetitive Appointment Authority.
- Setting government-wide standards to improve the Domestic Employee Teleworking Overseas (DETO) program. DETO enables certain federal employees to work remotely from an overseas location, helps the government carry out its global mission, supports family unification, and retains valuable talent and expertise in the federal workforce, including military spouses residing with their servicemember stationed overseas.
- Bolstering access to child care for military families. To continue building on the existing support and ensure that military families have access to affordable, high-quality child care allowing both the servicemember and the spouse to pursue professional opportunities, the Executive Order directs the implementation of Dependent Care Flexible Saving Accounts for servicemembers no later than Jan. 1, 2024, as well as expansion of pathways for military spouses to provide home-based child care on military installations.
- Directing OPM to issue guidance to agencies outlining telework and remote work flexibility for military spouses and caregivers.
- Encouraging federal agencies to collaborate to place a military spouse or caregiver in another position following changes to support continuity of care or relocation due to a PCS that makes it untenable for them to continue in their existing position.

VA Aid and Attendance benefits and Housebound allowance

VA Aid and Attendance or Housebound benefits provide monthly payments added to the amount of a monthly VA pension for qualified Veterans and survivors. If you need help with daily activities, or you're housebound, find out if you qualify.

Am I eligible for VA Aid and Attendance or Housebound benefits as a Veteran or survivor?

VA Aid and Attendance eligibility

You may be eligible for this benefit if you get a VA pension and you meet at least one of these requirements.

At least one of these must be true:

- You need another person to help you perform daily activities, like bathing, feeding, and dressing, **or**
- You have to stay in bed—or spend a large portion of the day in bed—because of illness, **or**
- You are a patient in a nursing home due to the loss of mental or physical abilities related to a disability, **or**
- Your eyesight is limited (even with glasses or contact lenses you have only 5/200 or less in both eyes; or concentric contraction of the visual field to 5 degrees or less)

Housebound benefits eligibility

You may be eligible for this benefit if you get a VA pension and you spend most of your time in your home because of a permanent disability (a disability that doesn't go away).

Note: You can't get Aid and Attendance benefits and Housebound benefits at the same time.

How do I get this benefit?

You can apply for VA Aid and Attendance or Housebound benefits in one of these ways:

Send a completed VA form to your pension management center (PMC)

Fill out VA Form 21-2680 (Examination for Housebound Status or Permanent Need for Regular Aid and Attendance) and mail it to the PMC for your state. You can have your doctor fill out the examination information section.

[Get VA Form 21-2680 to download](#)

[Find your PMC](#)

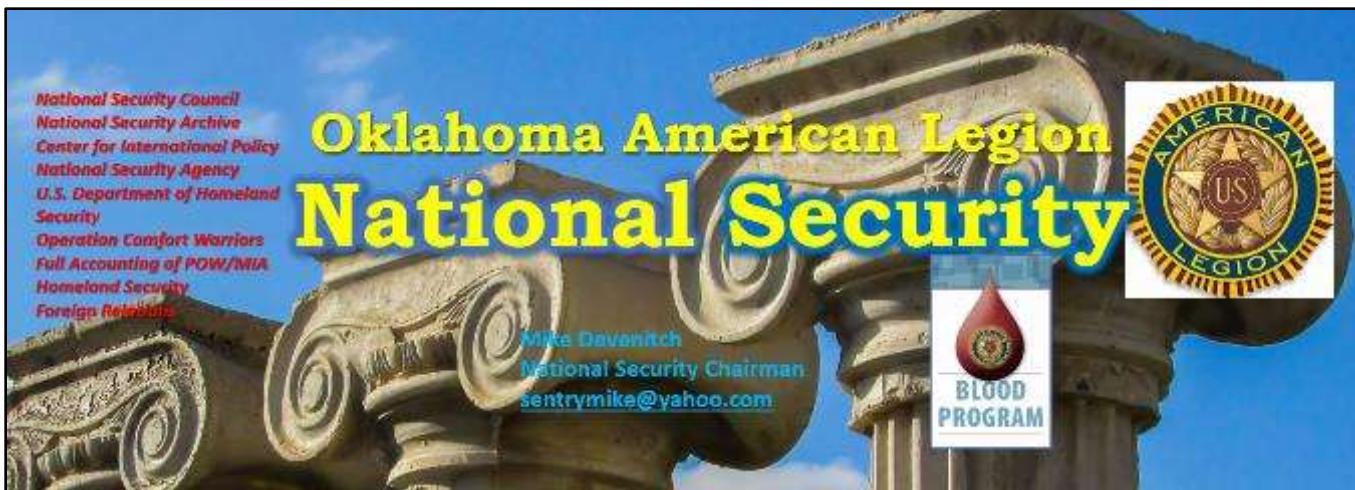

You can also include with your VA form:

- Other evidence, like a doctor's report, that shows you need Aid and Attendance or Housebound care
- Details about what you normally do during the day and how you get to places
- Details that help show what kind of illness, injury, or mental or physical disability affects your ability to do things, like take a bath, on your own

[Learn about the evidence you'll need to support your claim](#)

If you're in a nursing home, you'll also need to fill out a Request for Nursing Home Information in Connection with Claim for Aid and Attendance (VA Form 21-0779).

The American Legion's National Security Policy

The American Legion believes national security must be maintained to fulfill the mandate for a strong national defense. As stated in the Preamble, **“FOR GOD AND COUNTRY WE ASSOCIATE OURSELVES TOGETHER FOR THE FOLLOWING PURPOSES: To uphold and defend the Constitution of the United States of America... To safeguard and transmit to posterity the principles of justice, freedom and democracy.”**

The Legion is an organization of veterans who fought for freedoms, which they are dedicated to keeping and preserving. As one of the Four Pillars it was founded on, the Legion believes national security is upheld by keeping a well-funded Department of Defense, a good quality of life for troops and a sensible transition between service and separation.

VA Oklahoma City Health Care Veterans Affairs Voluntary Service (VAVS) Advisory Committee

We are excited to announce that on May 30, 2023, the Department of Veterans Affairs announced that **it has relaxed the masking requirement at VA medical facilities**, including all Oklahoma City Veterans Affairs Health Care System sites.

Now, with the exception of high-risk immuno-compromised patient areas, OKC VA facilities will no longer require masks in most clinical areas.

Masks are still required for Veteran patients and visitors in the following high-risk areas due to the nature of some of the patients in these areas:

- Infusion clinics and its waiting areas,
- Emergency Department and its waiting areas,
- The Spinal Cord Injury clinics, Community Living Center (Residents do not need to wear masks; staff and visitors are required to wear masks).
- Masking also continues to be required for those with a suspected or confirmed COVID-19 infection or other viral respiratory infection.

We fully support and respect the decision of those individuals who choose to continue to wear a mask. If any Veteran would like for their Health Care Personnel to also wear a mask, please ask.

It's been a busy month of June for our District 1B Legion family. Most Posts held Flag retirement Ceremonies on Flag Day as the US Army celebrated its 248th birthday on June 14. Tulsa 1 and Sand Springs 17 were two of many, and "Liver Eater Johnson" made an appearance at one of them. Collinsville Post 2 welcomed the *Wreathes Across America* traveling exhibit, participated in the *Hogs and Hot Rods*, and held Honor Guard training for all interested members of the District that wished to attend. Post 141 hosted a Legion Family fishing tournament. Post 227 was involved in Big Heart Day activities in Barnsdall, and Post 450 distributed clothing on the first Monday of the month as well as partnering with Post 1 to do the same every month on the 2nd Wednesday. Also, big news for Post 308 as they welcomed a new Service Officer this month. All of our Posts have had elections by now for the 2023-2024 membership year and I'd like to personally thank everyone who has agreed to step up and help in Officer or committee positions. District Vice Commanders and I will be making Post visits throughout our area in August to swear in Officers, offer assistance and guidance as needed, and to meet everyone. Hope to see all of you in Shawnee for the Department Convention July 13-16. Again, thank you to everyone who steps up to make the lives of Veterans better and honors those who have gone on to Post Everlasting.

Jenks Post 95: The volunteers of the monthly clothing giveaways would like to thank Jenks Post 95 membership & Post Adjutant Don Spinar for the clothing donated at the 2nd Wednesday monthly clothing giveaway held at Tulsa American Legion Post 1. The donations combined gave more variety for those coming to get clothes: a variety of men, women, and children's clothing. Reminder all are welcome, simply ask no reselling.

Barnsdall Post 227: Bill Lynch and Jim Siggins presenting the \$500.00 American Legion scholarship check to McKenna Bryant at the Barnsdall school awards assembly.

"Membership from Ochelata American Legion Post 450 would like to give a Big Shout Out to Sand Springs American Legion Post 17 and say Thank You to Post 17 membership for helping a local Marine Veteran when we were not set up to assist the Veteran. We received a call that the Veteran was without power in May. Post 17 along with another Marine Veteran together paid the bill and power was restored within a few hours."

This month wraps up a project in which American Legion Post 450 (Ochelata) was able to help a Legionnaire from a neighboring American Legion Post reroof his home. Total donations received for this project were \$9,091.25. The homeowner will also receive a free day of landscaping by a group of volunteers.

Barnsdall American Legion Post #227 played a big part in celebrating the 70th annual Bigheart Day. On Monday, May 29, American Legion Post 227 held a Memorial Day Service at 10 a.m. at

Ethel Reece West Cemetery. Big Heart Day is organized each year by the Chamber of Commerce, the American Legion Post #227, and the help of the entire Barnsdall community Claude Rosendale, an officer of Post #227. Please plan to join in the festivities May 2024 (Saturday before Memorial Day).

Fort Gibson Post 20: Be the One! The Oldest town in Oklahoma, Fort Gibson that got its beginnings as a US Army Outpost in 1824. To keep the peace between tribes has come a long way from an Army Outpost to a small community that cares not just about its people but its veterans and veterans across the US. On June 26th, 2023, at 6PM at a regular town hall meeting the Mayor and city council members put forth a Proclamation that on July 1st of each year would be known in the Town of Fort Gibson as **Be The One Day**. In following with the town's history and tradition of coming together for people in need and Veterans alike. The Town council voted the proclamation unanimously. Following a reading of the proclamation by the Town mayor Tim Smith a photo with over a dozen member of the Local American Legion Post 20, Sons of the American Legion and Axillary members was taken with the Town council. The Town of Fort Gibson and its citizens have always and continue to show their support for the veterans of the Armed

Forces of the United States. It does not matter if it's a BBQ sale, a dinner, a festival, Bingo or getting behind an American Legion push to help end veteran suicide the town and its leaders show their support.

Happy July To All. We want to thank all our Posts that timely submitted their CPRs this year. I know we all have 4th of July plans in preparation. Please be safe and enjoy your events. We are very much looking forward to our summer convention. Department Officer election day should be quite interesting with the number of candidates running and a long day of voting. Hope to have a good attendance. That's all for now.

4A District Commander's Corner

Greeting Legionnaires,

Hope all are well, and I am looking forward to seeing many of you at the Department Convention next month. As another Legion year is drawing to a close, I am reminded that it has been a good year for some posts in District 4A, and a tough year for others. Shawnee Post 16 is still recovering from the April 19th tornado and has a long and difficult rebuilding process ahead. They need our prayers and our help. Chandler Post 64 is upgrading their facility, which was well overdue, and when finished the old building which was dedicated in 1933 will look much better. Post 64 was very active in presenting school awards as the school year ended and was proud to present another scholarship to a deserving Senior at the Chandler High School award ceremony. Many of the posts in 4A were involved in Memorial Day activities, and the Post 64 Honor Guard was proud to be on the front page of the Lincoln County News. All posts should be working on the annual forms that need to be turned in to the Department, including the Consolidated Post Report. It will be an interesting Convention, with many new candidates running for Department offices. It is also a

challenging time for our department, as well as the districts and posts, and we look for big things and new ideas from all the new officers that will be sworn in at the convention. Plenty of time before the convention to be selling raffle tickets, as it is a very important fundraiser for our department. Again, see you all at the convention!

The month of June has been wonderful in District 5A. Things started out with Boys State at Claremore. Once again District 5A was well represented.

The photograph above shows State Commander, Jim Quinn, with members of Post 111 at Rogers State University. I am proud to announce the Boys State Governor came from District 5A.

Post 1340 went to Guthrie to honor veterans this month. The picture above shows the members of Post 1340 laying a wreath at the Guthrie Veterans Memorial

The photograph above shows Neal Helfrey receiving a flag from Tammy Ross of the DAR for a World War 2 veteran. Post 111 Commander, Rex Ice looks on as the flag is presented to the Post.

The District 5A personnel did a great job during the Memorial Day Holiday. I would like to take this opportunity to thank all the folks in District 5A for the efforts put forth to remember those that gave the last full measure of devotion. May we long remember, and never forget those who sacrificed so much for our freedom.

The photograph above is an interview by American Legion member, A.L. Haislip. Andy Weber of KOCO, Channel 5 News in Oklahoma City Conducted the interview.

The upcoming days have many events for District 5A members. Please take this opportunity to show your American Legion pride by attending and participating in a Fourth of July event. We also have the Department Convention scheduled for July. Thank you to everyone for supporting the American Legion. Your efforts are really appreciated.

Hanner-Sharp Post 129 Presents Awards

At our last regular meeting we dedicated our program time to the presentation of post awards for first responders and a Legion member.

Four First Responders were recognized for their exemplary service to the community. After many years of being disappointed that we did not have any first responders to nominate to the state awards committee, we made direct contact with the heads of the various public service agencies in Stillwater. We encouraged each to submit a nomination and we received some outstanding nominations that have already been sent forward to the state committee. Our nominees included Left to Right in the attached photo: Captain Paul Fox, Payne County Sheriff's Office; Lieutenant Matt Webb, Stillwater Fire Department and Master Patrol Officer, Dusty Behne. These local award winners are flanked by Jim Rutledge, Post 129 Commander and Senator Tom Dugger, member of Post 129. Senator Dugger added a legislative commendation to the recognition for each recipient. A fourth officer, Josh Rudluff of the Stillwater Police Department was unable to attend the meeting. The post also recognized Past Commander, Stan Witte as the Post's Legionnaire of the Year. Witte was responsible for a complete renovation of the first floor of the Legion Hall, plus he has consistently been one of the best recruiters and one of the biggest fund-raisers for the post.

Post 58 Guthrie: The American Legion LeBron Post 58 Guthrie has teamed up with the Korean American Association to recognize and present the Ambassador for Peace Medal for U.S. Veterans who served in the Korean War. The recognition ceremony and Korean luncheon will take place on July 22 at Post 58 in Guthrie. Legionnaires Doug Westbrook and Adjutant Kim Vincent are

spearheading this recognition in conjunction with Jaeho Yi, President of the Korean American Association of Amarillo.

This is the 70th year anniversary of Armistice Day (July 27, 1953) for the Korean War, known as the Forgotten War, which has never been forgotten and never will be forgotten by the Koreans, Veterans, and their families. As this is a special day to recognize our Veterans, the Korean government would like to commemorate with a special thank you by awarding this medal for those who risked their lives to preserve and protect the freedom and democracy for their home country, The Republic of Korea (aka South Korea).

What began with a goal of identifying 12 Korean War Veterans, we are humbled by the response we have received and look forward to our next ceremony. Currently, twelve deceased Veterans have been identified, two who were Killed In Action, and nine who are living, including several Legionnaires from Guthrie (4), Perry (3), and Edmond (1), though membership is not a requirement. Those families with deceased Veterans will accept the medal posthumously. Family members will attend from as far away as California, Missouri, and Kansas.

Korean War service is verified by reviewing the DD-214, and then a short questionnaire with the Veterans information is completed. These two items are sent to the Korean Consulate to confirm and award the medals to the hosting organization for the ceremony. Post 58 is pleased to assist Jaeho Yi facilitate this recognition for our Korean War Veterans.

If you know a Korean War Veteran, please feel free to contact us so we can help you get them recognized with the Ambassador for Peace Medal.

We had a good visit to Lexington Post 301 with National Commander Vincent J. Troiola and Department Commander Jim Quinn on the 26th. His stated goal was to meet with members of smaller posts and talk about involvement within the community. I think his goal was met by six members of Lexington Post 301, Adjutant David Pirtle of Elmore City Post 202, and Past Post Commander William Walker and Adjutant Buddy Adams from Lindsay Post 23. Thanks to all that took the time to make the visit a success. **I would also like to express special thanks to Elmore City Post 202 and Lindsay Post 23 for their continual faithful support of all requests from the District.**

Lindsay Post 23: Memorial Day began with flags placed at businesses participating in the flag program fund raiser. Then the members hit the road to visit 6 cemeteries, performing the 21-gun salute, playing taps, singing the National Anthem and hearing the true meaning of the holiday. They traveled to Ninnekah, Alex, Bradley, Lindsay, Erin Springs and Purdy. It was a long but satisfying day. Funeral Honors were also performed by Post 23 members in May for Lindsay residents – Kenny Scruggs and Jerry Cetrangolo.

of the Women's Armed Service Integration Act signed by President Harry Truman on June 12, 1948. Valuable information was gained from both presentations to assist any veterans that may be struggling in these areas. Bob Bartley stepped down as Finance Officer and Annie Fitch was selected to the new position. Bill Walker volunteered to become 2nd Vice Commander to fill the vacancy created by Annie's move. Also, Adjutant Buddy Adams continues to represent District 5B on the Department Constitution and By-laws Committee.

Flag Day began with placement of flags at participating business locations. Then an Open House with an old-fashioned Cook Out for members and visitors, including the American Legion Riders from Oklahoma City (Michael Marxen, Director of OKALR, his spouse and two other riders). Women volunteers prepared the flags to be retired while hamburgers were grilled. The day concluded with the flag retiring ceremony. The event was enjoyed by the very young and the "very young at heart with years of experience" sharing time together. Patriotism is still alive in Lindsay, Oklahoma.

Annie Fitch, 2nd Vice Commander, attended presentations on June 7th (National Headache Foundation) and June 12th at the Oklahoma Historical Society in Oklahoma City for Women Veteran's Day, celebrating the 75th anniversary

Lexington Post 301: The post received a \$67,000 federal grant from Cleveland County to renovate their facility. It may be noted the post has resided in their current building since 1947. The first order of business was to replace the leaky roof which has now been completed. They will now begin working their way down replacing old lighting with LED fixtures, replacing stained and broken ceiling tiles, and renovating the walls. Unfortunately, a sewer problem has occurred which will take precedence but did not prevent the post from hosting the National Commander visit as noted above.

Dozens of visitors tour the thousands of Yukon Veteran Museum. The museum hosts artifacts from the Indian Wars, Civil Wars, World War I, World War II, the Korean War, and the Vietnam War. Children were presented with flags, American Legion educational flag books, patriotic coloring pages, and hot dogs. Tours of the museum were given to excited children and parents alike. The Yukon American Legion Post 160 has served veterans in the community since 1949 and hosted the Veterans Museum for the last 8 years.

District 8B Post 273 Laverne completed their annual Memorial Day Tribute Ceremony today and here are some of the pictures from it. We put the flags out for 12 cemeteries with the largest being our Laverne Cemetery where we have 340 veterans buried. During our monthly meeting we put zip ties on the top of all our flags so we can tell them apart from the families flags on the graves.

From the desk of Mike Marxen, OKALR Director

As most of you know our Annual State Legacy Run did not go as planned. After our second stop there was an accident in which several of our Riders were injured. The good news is that all are on the mend and recovering from their injuries. It was decided that the Run would be terminated at that point. There were many fortunate incidents that day. Once the 911 call was made, first responders showed up very quickly. Also, an angel arrived on scene. Stephanie Miller was having a normal day except for the fact that she was fifteen minutes behind schedule. Stephanie stopped at the scene and immediately started rendering aid and comfort to two of our downed riders. She has a medical background, and she knew exactly what to do. Her comforting and caring demeanor helped both riders and all who came in contact with her. Stephanie advised other riders who were wanting to help what to do and not what to do. After the EMTs had taken over the care of the Riders, I saw my wife Pam and Stephanie standing off to the side of the scene. I walked over but stopped short so as not to interrupt their prayer. As I stood by listening, I heard them lifting up all the Riders, EMTs and the whole situation. Stephanie did not leave the scene until she was satisfied that everyone was taken care of. Our deepest gratitude goes with her always. Truly she was put in the right spot at the right time.

With all that being said, all the stops were contacted so that we would not be able to finish our Run. Thank you to all for your understanding and concern. A big apology to the Hominy Post 142 for leaving them holding a lot of pizza. A suggestion was made by the Yale firefighters to see if the guys at the firehouse in Hominy would take it. Any donations not made from the Posts on the Run can be made at the Summer Convention. The Department of Oklahoma Riders appreciates any donations made to the Legacy Scholarship fund. We will have a table set up for information, raffles and auction items.

This is the last year that the National Legion Riders will be supporting the Legacy Scholarship Fund. Due to the success of this fund-raising effort, the Scholarship Fund is now self-sufficient. American Legion Riders National Chairman Mark Clark announced a new mission for American Legion Riders: Support of The American Legion Veterans & Children Foundation. The new mission will begin after the conclusion of the 2023 National Convention in Charlotte. We will still be supporting "the kids" but in a different way.

If you have a Riders Chapter at your Post but do not have Chapter Charter, please submit your Chapter Constitution and By-laws and verification of Post approval to the Department so we can officially recognize you.

The Riders Meeting at the Summer Convention will be held in Ballroom 4, Friday July 14th, 1000-1130. I am looking forward to seeing you there.

ELMO MAY: I am officially announcing my candidacy for Senior Vice for the Department of Oklahoma 2023-2024. It would be my honor to serve the Legionaries of this great state. I believe in staying involved to continue our mission in moving forward and helping all Veterans. For God, Country, and Service.

CANDIDATE for VICE COMMANDER EAST

Woody D. Alexander

I am a candidate for East Vice Commander for the upcoming election in July 2023.

My Military Background: I joined the United States Marine Corp as Logistics Specialist. I was transferred to Marine Barracks Concord, California and came home after first hitch. Joined National Guard for a short term. Then, joined the Army Reserves - where I excelled to Command Sergeant Major during my time. I led two Training Battalions with a mission to train Reserve and National Guard units for Iraq. Before joining the American Legion, I worked at the Uniroyal Tire Plant in Ardmore Oklahoma and was asked to join the Emergency Response Team training consisted of: Emergency Medical Technician, HAZMAT, Confined Spaces Rescue, and Fire Brigade

I have served as an NEC Committee member and Internal Auditor in the American Legion.

I have served as 3B District Commander, District Vice Commander and DEC. I have served as Post 136 Commander, Finance Officer and Adjutant.

I was asked to step in and set up a meeting of Post 136 and assign officer positions. At the first meeting I submitted my resume for Commander Position.

What got me started was I was asked to come down to the Post and meet the Department Commander. I and my wife walked in and met Tim Smith. Tim Smith asked me what I thought about the American Legion. I told him I don't know anything about the Legion. That's when he informed me that the Legion helps Veterans and their families.

This is what I think needs to happen! District Commanders do a good job but sometimes if a Department Officer shows up at a Post and tells them that they appreciate what they are trying to do maybe just maybe some Posts could be saved.

If you believe as I do, please vote for me in July 2023, it would be greatly appreciated.

**Lance Larson
Running For Vice Commander West
Summer Convention
July 2023**

My name is Lance Larson, and I am running for Vice Commander West. We all know we need to get some excitement back into the Legion or we are going to lose even more numbers. So, you may ask how do we do that? The posts have to vote for who they feel is right and not the popular trend for the day. The posts in Oklahoma run the Department because if it wasn't for you there wouldn't be a Department. Holding one of these offices are decided by you and if elected it is an honor and privilege to hold that office. It isn't a god given right to hold these offices, and if you don't do your job, you should step down. I could give you a couple a quote from somebody who has been gone for a long time, but I won't, what I will give though is a promise though if I am lucky enough to get elected, I will get to work as soon as Vice Commander West election is over. I have a plan for the first 100 days to work in the west. In this plan is VSO, membership and a Membership Committee for the west. We must make this fun and get out of the gate fast. Remember Team West isn't a job, it is an adventure.

After he returned home and married Linda Osborne. They set about starting a family.

Charles led a very simple life, saving as much money as he could, just in case he could help somebody else. He turned down more lucrative jobs, in lieu of ones that would allow him to be with his family in the evenings. He taught us that "It doesn't do any good to buy a kid a bike, if there's no one to teach them to ride it." Family remained a priority throughout his life. Evidenced by the love felt and returned by his nieces, nephews, and cousins.

Charles loved being outside. He spent his free time doing lawn work, gardening and fishing. He spent his last day playing in the dirt. He repotted, and planted all his flowers and asked Xavier to find out online how to make hanging baskets.

He passed peacefully in his sleep, after battling heart disease for years. He will be missed immeasurably.
