

BEFORE/AFTER SCHOOL STEM Clubs

STEM (Science - Technology - Engineering - Math)

Enrichment Programs

Bristle Bots *Build your own robots!*

Aug-Sept \$75

(5-week club, includes most supplies and S/H)

You'll mix science with your imagination to design and build your very own motorized, moving Bristle Bot and also make some crazy art with a Draw-Bot. Prepare your bots for drag racing and wrestling. Finally put all your knowledge to the test to engineer the perfect robot critter to take home!

ONLINE!

Way Out Water *Everything to know about H2O!*

Oct-Nov \$75

(5-week club, includes most supplies and S/H)

Get ready...get WET...H-2-O! Water Engineers - come learn all about the world's most important molecule, H₂O, better known as . . . WATER. Use your engineering skills and put water to work with a water wheel, see sticky water, make paperclips that float on water and play America's fastest growing game, *Does it Float?* After this club you will never look at a glass of water the same way again!

Totally Toyriffic *Toys that teach!*

Nov-Dec \$75

(5-week club, includes most supplies and S/H)

Science and Toys. What could be better? Become a Toy Technician as you learn the science behind many popular playthings. Explore science through the world of toys like the humming harmonica, gyroscopes, and tops. Build your own Nerve Tester game and power an electric circuit with nothing more than the touch of your hand. Our science workshop is filled with toys that teach. Come and experience the power of play!

WHERE
SCIENCE
AND FUN
ARE ONE!
