IN STOCK & READY TO SHIP

Segis-USA Quick-Ship Stocking Program

Bring high-end Italian design to your commercial spaces without the wait. The **Segis-USA Stocking Program** features our core collections of premium contract seating and flexible tables—**in stock and ready to ship** from our facility in **Morristown, Tennessee**.

- **Chairs Lead Time:** Ships within **7–10 business days** of order confirmation.
- **Tables Lead Time:** Ships within **10–14 business days** of order confirmation.
- **Inventory Control:** Quick-ship variants are limited to select finishes. Please **check stock with your representative** to confirm available quantities before specifying.

🪑 Stocked Commercial Seating (7–10 Biz Days)

- **To-Be (Indoor Collection)**: An ultra-adaptable contract seating favorite. Features a recyclable polypropylene shell reinforced with fiberglass on a high-durability frame.
- **To-Be Outdoor**: Preserves the comfort and signature visual lines of the original shell, engineered explicitly for patios, terraces, and open-air hospitality. Built with powder-coated steel frames to withstand the elements.
- **Dragon Fly**: Preserves the comfort and signature visual lines of the original shell, engineered explicitly for patios, terraces, and open-air hospitality. Built with powder-coated steel frames to withstand the elements.
- **Poppy Star**: Designed by Bartoli Design. A sleek, monobloc armchair manufactured using advanced air-molding injection. Features UV-resistant stabilization and built-in drainage holes, seamlessly transitioning between high-traffic indoor cafes and exterior decks.
- **Hammer-S**: Designed by Favaretto & Partners. Winner of the *Red Dot Product Design Award*. This premium 4-legged chair features a signature die-cast aluminum element joining the legs and arms, offering high-end aesthetic appeal for collaborative corporate workspaces and conference rooms.

📋 Stocked Tables & Systems (10–14 Biz Days)

- **Samu Tables:** Designed by Bartoli Design. A sleek, high-stability table system featuring robust steel profiles with multi-spoke structural hubs. Perfectly engineered to anchor standalone workspaces, dining common areas, and exterior multi-use hospitality arrangements.

🎨 Limited Finishes & Materials Quick-Guide

To guarantee our expedited quick-ship lead times, the stocking program is restricted exclusively to the following finishes. For custom finishes or COM upholstery, standard factory lead times will apply.

- **Polypropylene Shells:** Traffic Black, Pure White, and Storm Gray.
- **Metal Frames & Table Bases:** Matte Black Powder Coat, Metallic Silver.
- **Samu Table Tops:** Select contract-grade High-Pressure Laminates (HPL) with protective impact-resistant ABS edges.

📞 Order Placement & Stock Verification

Inventory fluctuates daily based on active contract obligations. Contact our Tennessee customer care desk directly to check current batch counts and secure your shipment.
