

## Microbiome Notifications

Siddiqui, Ruqaiya <sruqaiya@med.umich.edu>

Mon 2/20/2023 8:33 AM

To: microbiomergroupmtg@umich.edu <microbiomergroupmtg@umich.edu>

These are the notifications for this week -

### Seminars:

February 20 - MPJC: "**Gut Colonization with Multidrug-Resistant *Klebsiella pneumoniae* worsens *Pseudomonas aeruginosa* Lung Infection**"

Microbial Pathogenesis Journal Club

9:00 am - 10:00 am

Virtual - Zoom <https://umich.zoom.us/j/3742006035>, password: mpjc

[Details](#)

February 22 - **Deciphering the Microbial-Immune Relationships in the Airways: Insights from Computational Approaches**

Ariangela Kozik, PhD

Pulmonary and Critical Care, Internal Medicine

LSA Molecular, Cellular, and Developmental Biology Seminar

2:00 pm - 3:00 pm

In person - 1010 Biological Sciences Building

[Details](#)

February 23 - **Genomic Insights Into Transmission, Infection and Resistance Evolution in Carbapenem Resistant *Klebsiella pneumoniae***

Evan Snitkin, PhD

Associate Professor, Internal Medicine

Microbiology and Immunology Seminar

12:00 pm - 1:00 pm

In person - M5330 Medical Science 1 (MS1)

[Details](#)

### Events:

February 21 - **Interoperability of Electronic Medical and Dental Records: A Learning Health System Approach to Sharing Data, Generating Knowledge, Changing Practice and Improving Patient Outcomes**  
LHS Joint Collaboration with School of Dentistry

Virtual Attendance

12:00 pm - 2:00 pm

[Details](#)

March 31, Ecology, evolution and the microbiome: From mechanisms to translation

a joint symposium of MAC-EPID & ITiMS

Hussey Room, Michigan League

In-person Attendance

9:00 am - 2:30 pm

## Training:

Winter 2023 - April 19 to April 21 - **MICROBIOL 612 - Microbial Informatics - Reproducible Data Analysis with R**

Instructor - Pat Schloss, PhD

Professor, Microbiology and Immunology

9:00 am to 1:00 pm

[Details](#)

## Employment / Funding Postings:

[Postdoctoral / Bioinformatician](#) - several positions, Davids Lab, Duke University, North Carolina, [details](#)

[Research Scouts](#) - funding opportunity provided by the Office of Research at Michigan Medicine, [details](#)

[Faculty Position](#) - Translational Microbiome, Benioff Center for Microbiome Medicine, San Francisco, review of applications start by 1/15/2023, [details](#)

[Conference Travel Grant Program](#) - Graduate and Postdoctoral Fellow, continental or international travel, [details](#)

[Tenure Track Position in Infectious Diseases](#) - Michigan Center for Infectious Disease Threats, University of Michigan, fall 2022 posting, [details](#)

[Assistant Professor](#) - Pathology and Immunology, Washington State University School of Medicine St Louis, [details](#)

[Assistant/ Associate / Full Professor](#) - Microbial Ecology and Evolution, Yale Microbial Sciences Institute, West Haven, CT, [details](#)

[Non-Federal Grant Opportunities](#) – several internal / external opportunities are provided by Michigan Medicine Office of Corporate & Foundation Relations, [details](#)

## Ongoing events:

[Microbiome Centers Consortium Seminar Series Spring 2022](#), [video recordings](#)

[Computational Medicine and Bioinformatics](#) seminars occur on a weekly basis, are archived on their website, and present various [bioinformatics](#) related topics, which also includes their [tools and technologies](#) series.

[Microbial Pathogenesis Journal Club \(MPJC\)](#) – Discussion group dedicated to current papers in microbial pathogenesis. Participants rotate in presenting and leading discussions surrounding trending journal articles. Contact: Geoff Severin [severing@umich.edu](mailto:severing@umich.edu) to join mailing group.
