

Own a second home in Big Sky?

Big Sky houses 3,000 local residents and 10,000 second homes, but local employees must compete with vacationers to find a place to live.

Match with Tenants
Support Big Sky Locals

The dramatic growth of Big Sky has caused massive housing shortages for locals. **Help solve our housing crisis by renting your vacation home to a trusted employee.**

Downside of Short Term Rentals

- An extra 4% resort tax and 7% MT Lodging Tax
- Units must be licensed with the state of Montana
- Additional Property Damage Insurance
- Frequent cleaning and quick turnovers

We've teamed up with Landing Locals to provide owners with screened tenants, reliable income, and alternative housing for their upcoming Big Sky vacations.

"Our landlord would always talk about [making it a] vacation rental and having it be his home base. I think we were just always nervous about losing that, so this is a little more stability."
