Mobile Salon Service

License # KK561001

About me:

My name is Hannah Costa and I am a local licensed hair stylist. I have lived in Half Moon Bay for 13 years with my husband and children. I have been a licensed stylist for 7 years serving Half Moon Bay.

I am very passionate about not only being a stylist, but also about serving my community. I believe that no individual should have to jeopardize their health to receive salon style services. This is why I have decided to transition to a mobile hairstylist. I want to bring the salon experience into the safety and comfort of your home.
