

Directions and Suggestions To visit Kuulanapo Preserve

Address: 446 Soda Bay Road, Lakeport

Kuulanapo Wetland Preserve is located in south Lakeport east of the Lake County Transfer and Recycling Facility (230 Soda Bay Road).

Traveling east on Soda Bay Road towards Kelseyville from Lakeport pass the Transfer-Recycling facility. After the Manning Creek Bridge, take a left after the first mailbox to head into the Preserve. There is a LCLT sign near the entrance. Take this road past two unlocked gates. Just past the second gate is an area to park.

You will be guided from the parking area onto the walking path.

Make sure to wear walking shoes. We suggest you bring water, a hat, and if you have them, binoculars.

- Please note there are no bathroom facilities.
