

Dear Parents,

It's time for Spring Enrichment, which is sponsored by the KRS PTO. First and foremost, thank you for supporting this beloved program and for your general support of the PTO. We also extend our thanks and praise to the KRS faculty and staff. They make the magic happen for our students, and go above and beyond with providing quality enrichment opportunities. Collectively, our school community is better and brighter because of things like enrichment programming and participation.

The Kings Road School PTO is excited to offer our final session of afterschool enrichment classes for the current school year. In an effort to offer something for everyone, you will see a variety of classes offered for different grade levels. Fees vary based on whether there are required materials for the class. ***Upon opening, registration is a first come, first serve basis. This is an independent after school program and the school nurse will not be present on campus. Children will not have access to inhalers or other medication that is kept in the nurse's office during school hours. Should your child need access to such medication, please plan accordingly. In the event of a medical emergency, the enrichment teacher will call the emergency contact listed on a google form distributed post registration.***

Classes begin the week of April 10th. Classes end the week of May 15th.

Registration opens March 14th and runs until March 16th. Please note some important information below, which is then followed by class descriptions and a master schedule.

- All classes meet in the Kings Road School building or on the blacktop. The students will report to their after-school classes immediately after the dismissal bell rings.
- All classes run from 3:20 PM until 4:20 PM.
- Children who are not picked up by 4:20 PM will be excluded from continued participation in the after school activity.
- There is no early pick-up allowed for enrichment activities. If your child is involved in an outside activity that conflicts with the scheduled enrichment, please do not email teachers requesting early dismissal. The teacher does not have support staff to walk children to the door and the main office is closed. Therefore, please plan accordingly when enrolling.
- After the conclusion of every session, the teachers will escort the students outside to meet their parents/guardians. Children are not allowed to walk home without an adult present. A child will not be left unattended. Please be on time.
- Online registration will open on **March 14th, 2023 at 9:00 PM!** A BLAST with the registration link will be sent from the KRS PTO.
- Enrollment is based on a first come first serve basis. Each class requires a minimum number of students to run. We will contact you only if that minimum is not met.

- There will only be (1) make-up class outside regularly scheduled classes only for inclement weather or unforeseen teacher absence.
- Please forward any questions to Tammy de Freitas and Katie Zurich at krsptoenrichment@gmail.com

COURSE DESCRIPTIONS

Let's Do Yoga! – Mrs. Yurecko

These yoga classes designed for your children will be very different from an adult class that you might take at your studio. They will be filled with games, songs, stories, imaginative play, and activities that will engage your children and give them the tools to feel calmer, happier, and more peaceful inside! These classes will be so much fun, but also filled with important tools that they can carry with them off the mat including increased body awareness, strength and flexibility, and self-calming/emotional regulation skills via breathing, chanting and relaxation exercises. Thank you for sharing them with me.
