Drive sales with automotive industry association health plan

Automotive industry businesses can enhance their health plan benefits for their valued employees with the CAWA Arizona Health Trust (CAWA) Association Health Plan (AHP) through AZ Blue.

AHP pools groups in similar industries to provide healthcare coverage typically only available to larger employers. These plans offer more robust benefits, plus extra service and support to reduce plan administration—bill paying, compliance filing, managing participant eligibility, and benefit enrollment.

CAWA members get access to medical and dental coverage, as well as industry-specific training seminars, and discounts on business services and supplies. The CAWA AHP offers a portfolio of 22 fully insured AZ Blue medical plan options that can be paired with the Statewide, Alliance, or PimaConnect networks. AZ Blue dental plans are available to groups that select a medical plan.

An employer must be a CAWA member and have a minimum of 2 employees enrolled in the CAWA AHP. The CAWA annual membership fee starts at \$460 and is based on the membership category that best fits the employer's scope of services.

The CAWA Arizona Health Trust is managed by DiMartino Associates, an AZ Blue partner since 2018. As a general agent, DiMartino Associates will work with your local insurance broker to provide a CAWA Arizona Health Trust proposal for your group.

Ask your insurance broker to contact DiMartino Associates to request your quote today!

DiMartino Associates can be reached at [1-800-488-8277](tel:1-800-488-8277) or via email to CAWA@dimarinc.com for more information.
