Call Mikie Sherrill's office at (609) 292- 6000 and ask her to take action to fix the situation at Delaney Hall. It is important not to yell at the staffers—I spoke to one this morning and he sounded a bit beleaguered. None of this is their fault, so please be nice.

I'm calling as a concerned citizen to ask the governor to help the suffering captives at Delaney Hall as well as the peaceful protestors who've been assaulted and abused by ICE and state police. There are so many things she can do:

- **enforce the Immigrant Trust Directive and Executive Order 12,**
- **follow through on the Safe Communities Act,**
- **secure pro bono legal representation for detainees,**
- **and more...**

Ultimately, she needs to get Delaney shut down. Also please ask her to help free the protestors who are still detained. I know she's been doing her best, but it's not good enough. She promised to fight for her constituents. She needs to do so. Thank you.
