

This survey is brought to you by the Business/Nonprofit Subcommittee of the Colorado Complete Count Campaign.

"Census data not only determines how many seats Colorado has in Congress, it also informs how businesses and nonprofits assess the needs of their communities and the markets for their goods and services. Additionally, Colorado received more than \$13 billion in federal grants, contracts, and assistance based on the counts from the 2010 Census."

Because the Census provides essential information for the future of our state, it's important for Colorado to have the most complete count possible. [Please fill out the following survey](#) by Friday August 16 to let us know how your organization plans to be involved in encouraging customers or clients to complete the 2020 Census form. If your organization has not made plans to get involved yet, you can let us know what information or support would help you consider getting involved.
