

My name is Lucy. I am 8 months old and very calm for my age. I'm very sweet and while I can definitely jump, I would rather lay down and sunbath. I'm laid back and the perfect dog for a relaxed home. I get along with other dogs very well as long as they aren't super hyper. I do well with just about everything actually and I'm patiently waiting for my new family to come and take me to my forever home. Call to meet me today!
