(PATH)
Prescribed Alternative Testing Hub
NOW OPEN at Stamford Health

Stamford Health has opened a location called the Prescribed Alternative Testing Hub (PATH) on the Bennett Medical Center Campus where physicians can send their patients to have samples collected for COVID-19 testing.

Please note:

- **PATH services are available by appointment only.**
- **Patients must have a prescription from their provider to be tested.**
- **PATH is in addition to the emergency department, which has a fast-track for COVID-19 patients.**
